Price: **\$69.99** & **FREE Shipping**. Details & FREE Returns

Size: 10 Hooks+5 Panels

- **One Solution for All Your Organizing and Storage Problems** → 10-piece different hooks hangers of different shapes and sizes meet all kinds of your needs when it comes to organizing the garden tools or garage tools, like rakes, shovels, ladders, robes, rain boots, axes, weed eater etc. And we got 5 sized rails, you can have it settled on the wall of your garage, basement or utility room, shed, even in your living room, if you like the industrial look.
- **EASY TO INSTALL** → All you need is an electric drill, and maybe a level to make sure it is level up for mounting on into the wall studs. The hooks can snap on the rail and move around on it, so you aren't locked into a specific configuration for items that are extra wide (ladders), etc. Please note that those plastic anchors are for wood stud and drywall! For concrete or brick wall please use the appropriate hardware.
- **EASILY RELOCATE** → Hooks can be easily repositioned anywhere on tracks of the panel when storage needs change. And first wall-mount hooks can install in a snap.
- **SPACE SAVING** → Organize all your gear on one rack to free up floor space and provide easy access.
- **HEAVY DUTY STEEL** → Our garage tool storage organizers are well made, you can tell from the quality of the steel and the fine work while processing it. And this garage storage rack can totally hold up to about 420 lb. Rubber-coated sleeves prevent the tools from being scratched or from slipping.

ABOUT WALLMASTER

Wallmaster is a manufacturer specializing in organizing tools, hardware, hooks, racks, hangers and other home improvement tools for garage storage, basement, utility room or shed. We got this whole vertical organization system to manage everything in order and make more room for you. I wouldn't say it's a life saver, but definitely a space saver. You got requirements, we got solutions for you!

Are you looking for the best tool organizers and storage? You don't want to miss this.

1.The maximum capacity of our organizer is 420lb. It's sturdy enough to hold heavy stuffs, such as ladders, power tools, garden and yard tools like weed eater for years.

2.For things with different size or shape, you may need different size or different size or shape to hang on.

More hooks you have, more chance you can hang on stuff like shovels, robes, ladders, axes, weed eater etc.

Our wall hanging system's got 10 hooks of different size/shapes which you can't find on Amazon with that many hangers.

3. For things like ladder or chairs with big size, you may want to leave more space for them, but if the hooks are fixed on the rack, you can't make it. Therefore, you've got to get our garage organizer home. The hooks snap on the rail, you want to move it a little bit, take it off and snap where you want it to be. And with 5 short-cut rails, you can have it mounted on very limited space of wall in your utility room or garage.

SPECIFICATION

Length&Width&Thickness of the Rack: 16in*4in*0.7in

Weight Capacity of the Whole Kit: 420lb / 190kg

Material: Steel

Feature: Expandable Rail & Adjustable Hooks

INCLUDE

5 x 16" Steel Rail

10 x Hooks

20 x Metal Screws

20 x Wall Anchors

Note: Those plastic anchors are for wood stud and drywall! For concrete or brick wall, please use the appropriate hardware.

★★★★★ Very sturdy and easy to install

November 7, 2019

Size: 10Hooks+5Panels **Verified Purchase**

This is a perfect space saver and organizer for my garage. Our garage is full of tools accumulated on the floor and the shelves we have are too small for some tools. It comes with 5 panels and 10 hooks totaling 15 pcs and all the hardware are included. The material were made strong and seem sturdy on the wall. They are easy to install and have adjustable hooks for different household tools and equipments. My garage look much appeal than before after i changed the tools on it. It also give better access to have them hanged on wall. Overall very satisfied and highly recommended.

★★★★★ "Great product."

October 22, 2019

Size: 10Hooks+5Panels **Verified Purchase**

I have a small garage that is packed with tools. May of them find themselves leaning in a corner of the garage, which makes accessing a specific tool difficult. This is a perfect solution. Just hang the rack with the provided screws and you're all set. The hooks can be slid and repositioned for different storage possibilities. This is so much nicer than putting tons of holes in your walls trying to hang hooks. It also eliminates having to locate studs for hooks. It's a great product that looks good and is plenty strong for hanging all sorts of items.

★★★★★ Very useful

October 20, 2019

Size: 10Hooks+5Panels **Verified Purchase**

I wish I could buy this garage storage system early. They are very useful. It saves me lots of space in my garage. The items were everywhere before I installed this hook hanger on the wall. It is space saver. 15 pieces included. The hook hangers are different shapes and different sizes. I even can hang my heavy ladder on the rack. The quality of the material is good. It is very sturdy. I can hang my shovel, take, broom, hammer ect on this hook rack. My garage looks much cleaner. I will recommend it to my friends. It worth the money.

★★★★☆ **Good product. I'd buy again**

I wanted something to organize my garage and get things off the floor . I like the product, it's sturdy and has several different hooks that allow you to hang things from a weed eater to a broom to water hoses. The only negative thing I personally have to say is, the pre drilled holes are not .16" on center so you can't put the track sections right next to the other and hit a stud for stronger support. I know you can use anchors, but I'd rather see the holes .16" on center for easier and stronger install. I wanted all the sections to touch one another for a cleaner look but you have to you use drywall anchors to achieve this, and for heavy things hanging in the garage like a weed eater, anchors just don't hold up over time. Other than that it's well built and heavy duty

December 6, 2019

Size: 10Hooks+5Panels | [Verified Purchase](#)

This storage system it comes with wall panels and hooks. Lots of detailed instructions make it easy to set it up. Everything seems to be well built and solid. Once you hang the panels on the wall then you get a lot of flexibility to choose where to put the hooks. You can hang up anything other than sports item. I am so glad to get all the floor space back once I hang up all my stuff. This system offers very good value and I wish I knew about it earlier.

This storage systems fits my garage so well. Before installing it, I have a lot of tools and stuffs laying on the ground. My garage was in a mess. The space in my garage was not utilized well. Once the systems was installed, I hook almost every thing. The ground in my garage is empty now. It is such a great improvement.

The systems is easy to install. I mount it on the wall. It has plenty of hooks. I like this systems so much that I might buy one again soon.

★★★★★ **Finally installed this heavy duty rack, I like it.**

November 11, 2019

Size: 10Hooks+5Panels | [Verified Purchase](#)

We finally set up the rack in our garage on weekend. Our garage was such a messy as we didn't get time to install the shelves for our new garage yet. This weekend my hubby fixed the rack on the wall of the garage, put up all the parts on rack, now we can hang up many tools of my garden, it's really good! Our garage shows so neat now! The only thing I feel a little regret is that there is only one line for big tools. If there were two lines, it would be better to hang up more small and heavy tools. :)

★★★★★ **Sturdy, easy setup and flexible**

November 15, 2019

Size: 10Hooks+5Panels | [Verified Purchase](#)

Before I got this tool bar system, I put my lawn care tools everywhere in the garage and make it looks messy and unorganized. The package comes perfectly packed. It doesn't cause any trouble to mount it on the wall. I hang all of my garden and cleaning tools using all of the hooks. One good thing is the hook on the rail can move around to fit my special size tool. All my tools looks very sturdy when hanging on the hooks. I am pretty happy my messy garage just becomes so neat.

Will this table brackets rust?

No, the heavy duty steel is covering with paint that can protect from rusting.
By Lara Moore on December 26, 2019

Does it include the board, if not, what size of board it's suitable for?

Hi, our 24inch shelf brackets don't include the board, and it fit for board as wide as 24inch, the length is not limited.
By Rochelle Lamb on September 22, 2019

Do they hold 500 lbs per bracket, or is it 500 lbs for both shelf brackets combined?

Both shelf brackets combined, it holds the work bench up pretty sturdily.

By MichealBarnett on December 24, 2019

Question:

Do the shelf brackets lock in the down position?

▲▼

Answer:

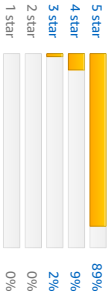

Hi, No they do not lock in the down position, only in the up position.

★★★★★ Wish I had bought this long ago.

December 14, 2019

Verified Purchase

Size Name: 24inch

I went ahead and purchased a 36"x48" piece of plywood, drilled this brackets to it and put it on my wall, now have the most convenient worktable for my art I've ever owned, it even doubles as my new computer table.

I would say so far I've put about 200 pounds on it and it holds it up pretty sturdily, I'll push the weight up slowly but I don't doubt I can out last 3x that amount on it.

Best part yet is when I need more space, I put my supplies in storage and collapse the table out of the way.

My only regret was not buying this before, instead of putting up regular shelves.

Early Reviewer Rewards (What's this?)

It only take two days shipping to my home, and I started to install it, very easy and simple, just need the measure tape and screwdriver, take 5 minutes total, thick material make it super strong and durable, one easy grid handle to fold it down, very good buy for garage storage or any other rooms

★★★★★ **strong and easy to set up**

These braces are strong and versatile. They are easy to mount, and they come with long and short screws. I'm using it with a 3 foot shelf, and it is solid. The collapsible function may be useful, but I don't see it coming down any time soon. They are really sturdy -- I think they could probably hold 50 pounds.

★★★★★ **Easy install and cool collapsable feature. Super Sturdy.**

Just installed a smaller (18") workbench shelf with this and it's awesome. The collapsable feature is nice and seems super sturdy. I just lined up the brackets with the studs and screwed down the butcherblock top. Says it'll hold 8lbs so it's plenty of support.

I have a small area next to my wash/drier and I wanted to put in shelves for cleaning/laundry supplies. The folding shelves work perfect. They are strong and hold everything I need them to, but easily collapse down for easy access.
