### **Step 3. Your Vision Becomes Reality**

As you open the boxes and set your tables your vision will take shape. If you would like support on the day of your event, our production crew is available to set up your event. Ask one of our team members for more details.

### **Step 4. Returns Are Effortless**

Simply place your linen in the duffel bags provided and call our dedicated UPS number to schedule your pick up. The UPS return forms are already created for you.
