WARNING - CA PROP 65

Attack the dark deep honey holes where the biggest bass live with the **13 Fishing Rabbit Ear Tail Invader**. Developed for the punching technique, the 13 Fishing Rabbit Ear Tail Invader features a streamlined body shape that slips through small holes and cracks in heavy cover like a knife. It is also molded with 13 Fishing's Rabbit Ear Tail design, which forces the appendages to spread apart on the fall and produce a hard kicking action that triggers bass to strike.

Not only is a great punching bait, but the 13 Fishing Rabbit Ear Tail Invader also makes a phenomenal jig trailer and is extremely effective on a shaky head or Carolina-rig as well. Finished with a heavy dose of Donkey Sauce to produce even more bites, the 13 Fishing Rabbit Ear Tail Invader is sure to become a staple in your creature bait arsenal.

Customer Reviews

[Write Your Review](#)

[Customer Review Guidelines](#)

Comments: Spent the last week or so testing this bait have caught a few nice bass (including a 4 pounder from a local height pressure pond) on here's my thoughts pros: fairly durable plastic. Good action from the rabbit ear appendages. Floats off the bottom slightly which gives decent action bouncing the bottom. Good quality packaging (think keitech) Cons: a bit pricy for a creature bait \$6 bucks for 6 baits. Most brands give you 8-10 for the same price . I wish they would Put a smaller hook slot on both sides of the bait with more material to bury the hook point as this would help prevent the hook from coming out after the first fish.

15 **AUTO-ENGAGING SAFETY**

16 **ACUDRAW™ AND ACU-SE™ COCKING DEVICES** (Optional)

LIGHTWEIGHT. RUGGED. ACCURATE. THIS IS WICKED RIDGE.

1 ACUDRAW™

Converts even the heaviest draw weight to about 5-pounds of effort and is the most user-friendly and practical solution on the market for cocking a crossbow effortlessly and accurately.

2 SAFETY ENGINEERED FORE-GRIP AND WINGS

Designed to help keep the shooter's fore-grip hand safely below the bowstring release path.

3 DFI™ DRY-FIRE-INHIBITOR

The industry safety leader, which prevents firing the crossbow without an arrow.

4 3.5-POUND TRIGGER

WITH AUTO-ENGAGING SAFETY The smoothest, quietest, and safest trigger technology in the industry.

5 LIGHTWEIGHT DESIGN

A quick-install, patented, integrated, self-retracting rope-cocking system that is unmatched in the industry.

6 CNC-MACHINED RISER AND POCKETS

Superior quality, engineering, and strength compared to the competitor's cast risers and pockets at similar price-points.

POUND FOR POUND, DOLLAR FOR DOLLAR, THE BEST CROSSBOW VALUE ON THE MARKET TODAY.

Designed, engineered, manufactured, and tested right here in the U.S.A., Wicked Ridge truly embodies all the qualities you've come to expect from a company that pioneered many of the world's finest crossbow technologies. It's a passion for the hunt, a will to succeed, a desire to serve our customers, and a commitment to perfection that makes Wicked Ridge more than just another crossbow company, and ultimately worthy of the TenPoint® name.

TO OUR CUSTOMERS

We launched Wicked Ridge Crossbows in 2010, with a promise to offer quality, features, and durability never seen at entry-level price-points. We have lived up to our promise, and today continue to produce the best crossbow value in the market. Our crossbows are manufactured in the United States and have a well-earned reputation for the durability, dependability, and performance you expect from TenPoint® manufactured products.

New for this year we are making the TenPoint ACUDRAW™ gear-assisted cocking device available on our best-selling Invader G3™. Known as the industry's most user-friendly and practical crossbow cocking solution, the device reduces the effort required to cock the bow to roughly 5-pounds. In addition, the ACUDRAW™ will also be available as a stand-alone accessory for all current and previous Wicked Ridge models.

You should also know that we have recently completed a three-year process during which we expanded our facilities nearly three-fold to include a dramatic expansion of our manufacturing plant and its production capability. We also added an Innovation Center, and a Customer Experience Center. The Innovation Center is the new engineering heartbeat of our company dedicated to product design, manufacturing efficiency, and quality control. The Customer Experience Center is the new home for our expanded Customer Service Call Center, Warranty Service and Repair Center, Sales Department, Accounting Department, and a new state-of-the-art Hunter's Outlet retail store and indoor shooting range.

We have also invested in a new group of highly qualified middle management professionals to help us manage growth, expand innovation, and to double down on our commitment to impeccable service and unparalleled quality.

My two sons, Phil and Steve, and my nephew Mike Shaffer, have worked 24/7 to manage this expansion and to transform the Marketing, Sales, Manufacturing, and Engineering functions. As I transition into more of an advisory role over the next five years, I am confident our commitment to constantly improve our products, technology, service, and staff has never been in better hands.

ACCESSORIES AND ARROWS

TENPOINT® 3X MULTI-LINE™ SCOPE

Perfectly proportioned for a crossbow at only 8.5-inches long, this light, compact scope features fully coated 3x optics and three duplex crosshairs calibrated for 20, 30, and 40-yards and a fourth partial line for 50-yard shots. 7/8-inch scope mounting rings included.

HCA-088

WICKED RIDGE NEOPRENE SLING

Wicked Ridge's sling features an extra strong 1.25-inch wide shoulder strap with an integrated elastic band for Crossbow Unloading Bolt storage, and a thumb loop for added shoulder security. It is a non-slip design with custom swivels and heavy-duty adjustable strap. Includes one Omni-CUB™.

WRA004

WICKED RIDGE SOFT CROSSBOW CASE

This soft case ensures perfect protection for travel and/or storage of your Wicked Ridge crossbow. The case has sturdy side panels for added depth to accommodate mounted optics and an additional zippered storage compartment for arrows, quivers, and other accessories. The case is specifically designed for a custom fit for Wicked Ridge crossbows. A removable shoulder strap is included.

WRA200

SDR™ STRING DAMPENING RODS

Featuring high-impact Zytel® rods with durable, convex face dampeners the SDR mounts directly into the riser to dramatically reduce string noise and oscillation. Compatible with Invader G3, Warrior G3, Ranger, and Lady Ranger models.

HCA-13715-W

3-ARROW INSTANT DETACH QUIVER

Weighing only 4.75-ounces, our lightweight, quick-disconnect 3-arrow quiver features an ultra-durable spine. Its cup also features a unique, flexible rubber loop that silently allows you to hang the quiver while in your treestand. Compatible with either our traditional quiver bracket or our side-mount quiver bracket. Its three mounting positions allow you to adjust its orientation to suit your preference.

WRA016

STEDDYEDDY™ (PATENTED)

The SteadyEddy telescoping two-section monopod ensures motion-free shooting while seated in a treestand or ground blind, or while standing with the shooting stick supported against the mid-section of your body. Made of hard-tempered alloy aluminum, you can easily set its length with a quick turn of the extension pole. It attaches directly to your crossbow using a 360-degree maneuverable rapid-pivot tube equipped with a snap-on connection. It clamps conveniently under your stock when not in use. All SteadyEddys come standard with a cushioned hand grip, an all-terrain carbide tip that grips rock and ice, and a removable rubber support ball that grips solid surfaces and cushions the system when supported against your body.

HCA-030

NEW ACUDRAW™ (PATENTED)

The industry's premiere cocking device - now available as an add-on accessory for all previous and current Wicked Ridge crossbows. Fully integrated into the stock, with no dangling parts, the ACUDraw™ is a gear-assisted cocking device that converts even the heaviest draw weight to about 5-pounds of effort and allows hunters of all ages and physical abilities to enjoy the sport of bowhunting.

HCA-000-B-AD

ACU-52™ (PATENTED)

A sleek, integrated, self-retracting rope-cocking system which reduces the draw weight by 50% while drawing the bow accurately time-after-time. The lightweight and affordable cocking unit's design allows for easy installation, while the powerful mini-magnets hold the handles securely and quietly in place.

WRA052

ROPE-COCKER

This ultra-durable crossbow rope-cocker features an abrasion-resistant, high-tensacity polyester cord, custom-dyed in high-visibility hunter-orange. Its plastic handles and hooks are constructed from the same super-tough ST601 nylon as the ACU-52.

WRA000.B

ALUMINUM 5086 20-INCH CROSSBOW ARROWS

Wicked Ridge Crossbows combines the art and tradition of fletching arrows with the unparalleled quality of Easton® shafts to produce the highest quality aluminum arrows available today. This shaft is the proven industry standard for reliable results. The arrows are equipped with orange SuperBrite™ Omni-Nocks™. The shafts include CPC inserts and are fletched with a slight offset using Norway DURAVANES™.

BY  TENPOINT

PROUDLY MADE IN THE U.S.A.

We at TenPoint® have always believed it is essential that all of our crossbows be designed, manufactured, assembled, and tested right here in the U.S.A. This enables us to use the best materials and have full control of the entire manufacturing process from start to finish, guaranteeing a final product of uncompromising quality.

We are proud to extend these standards to our Wicked Ridge line of crossbows, and guarantee that each Wicked Ridge bow will be U.S.A. made, TenPoint® Tested and TenPoint® Tough – no exceptions.

CORPORATE STATEMENT

Our objective at Wicked Ridge Crossbows is to provide the outdoorsman with high quality, precision performance crossbows and accessories that are simple, reliable, and affordable. With designs created by TenPoint Crossbow Technologies®, Wicked Ridge is committed to manufacturing functionally superior products which outperform the competition at comparable price-points. We believe that impeccable customer service is essential to building brand loyalty and a customer base that will be proud to use the products we offer.
