Docket No. 4137.2

Summary of Rejection

In an Office Action dated July 30, 2019, Applicant's Trademark Application No. 88424362 (the "Applicant's Mark") has been refused registration on the Principal Register based upon the Examiner's requirements for an explanation of the significance of Applicant's mark, information about the goods, and clarification of the identification and classification of goods.

Explanation of mark's significance

The wording "VAULT" has no significance in Applicant's trade or industry or as applied to Applicant's goods. The wording "VAULT" is not a "term of art" within Applicant's industry.

Information about goods

Applicant provides two patents with factual information about the goods to permit proper examination of the application. Applicant is the owner of U.S. Patent No. 10,169,933, titled *System, Method, and Apparatus for Reducing Driving While Texting*. Exhibit A. Applicant is the owner of U.S. Patent No. 10,333,647, titled *System, Method, and Apparatus for Reducing Driving While Texting*. Exhibit B. Both patents protect the device described by the goods in Applicant's mark. The patents provide the Examiner with additional factual information concerning Applicant's mark.

Conclusion

The Applicant provides the Examiner with the required explanation and information and respectfully requests the Examiner allows registration on the Principal Register. Such action is earnestly solicited.
