Office Action Date:	August 8, 2019
Examiner:	Karen K. Bush - L.O. 108

**RESPONSE TO
OFFICE ACTION**

This response ("Response") to the Office Action issued on August 8, 2019 ("Office Action") regarding the application by Hinge Therapeutics, Inc. ("Applicant") for registration of the trademark HINGE ("Mark"), U.S. Trademark Serial No. 88/440,548 ("Application") addresses the issues raised by the examining attorney ("Examiner"), namely:

- Prior Pending Conflicting Application: Suspension Request; and
- Amendment to Identification of Goods and Services.

I. PRIOR PENDING CONFLICTING APPLICATION: SUSPENSION REQUEST

The Examiner refused registration of Applicant's Mark because if the prior pending U.S. Application Serial No. 87/636,493 registers, there may be likelihood of confusion between the two marks under Trademark Act Section 2(d). Applicant requests that the Examiner suspend the Application until U.S. Application Serial No. 87/636,493 is either registered or abandoned/cancelled.

II. AMENDMENT TO IDENTIFICATION OF GOODS/SERVICES

Applicant requests the following amendment to class 9:

“downloadable computer software used for collection, organization, analysis, integration and communication of scientific data; computer hardware; mobile computing and operating platforms

consisting of data transceivers, wireless networks and gateways for collection and management of data; computer software platforms for diagnostic drug discovery.”

CONCLUSION

Applicant believes that this response has addressed all issues raised in the Office Action, and therefore respectfully requests the Application be suspended until U.S. Application Serial No. 87/636,493 is either registered or abandoned/cancelled.
