Request for Information – More Information About the Wording in the Mark Required

The Examining Attorney requested additional information regarding whether the Applicant's goods use or contain integrated passive devices. Applicant filed the application on a Section 1(b) Intent to Use basis. Accordingly, Applicant is still developing its goods, and thus, it is too early for Applicant to comment on whether the goods use or contain integrated passive devices. However, Applicant can confirm that "IPD" does not stand for "integrated passive devices."

Based on the foregoing, Applicant respectfully requests an extension of time to respond to the Request for Information so that Applicant may complete development of the corresponding products and form a response.

Dated: February 7, 2020

Respectfully submitted,
