Be the first to review this product

Maison La Bougie Miami Flamingo Candle: On the abandoned beach, fruity and spicy smell. Take a deep breath and feel the sweet fig, the spices evaporate and the eucalyptus purified. Head: fig tree, mint, lavender. Heart: fig, violet, jasmine. Base: tonka bean, sandalwood, cedar.

MAISON LA BOUGIE CANDLES revolutionize classic candle codes with novel prints inspired by founder Fanny Dumas' love of art, architecture, travel, vintage furniture and plants. Interior design themes from the Forties and Fifties abound in these delightful scented candles and matchboxes, eye-catching styles from this hip Parisian house. Made in Paris.
