

WELCOME TO LIVINGSTON SEED

Proven results and value
since 1850!

Founded in 1850, Livingston Seed has been a staple for farm stores and independent garden centers. Currently headquartered in Columbus, Ohio, we have grown to become the number one supplier of top-quality, non-GMO vegetable and flower seeds for independent businesses by offering a great value to consumers while providing world-class customer service to retailers.

We consistently offer an expansive range of reliable seed in both packet and bulk while staying committed to independent businesses and do not sell to “big box” retail stores. Our truly unique window packaging showcases more seed for less and clearly more seed than the competition and we offer only the best in top-quality seed displays.

As always, customer service is our primary goal. If you are a retailer and interested in selling our product or would like more information, please click here to learn more today [click here to learn more!](#)

QUALITY MATTERS

Trusted by gardeners since 1850, we offer non-GMO, top-quality, fresh seeds across the country.

FOCUSED ON SUCCESS

We are focused on your success and continue introducing dozens of new and exciting seed varieties every season! Get more seed for less in our beautifully packaged collections. Come grow with us!

FRIENDLY SUPPORT

Our sales and customer service support team is here to serve you and help in any way we can! If you have any questions, concerns or feedback concerning our brand we are here for you!

“In today’s market it is rare to get value for what you pay. I purchased a packet of asparagus seeds from my local hardware today and opened them to plant. I had to email you and say thank you. The package advertised 70 seeds, but it contained 85. Thank you for making sure the customer got “at least” what was advertised for plus more. What a pleasant surprise, since often the opposite is the case.”
