HIGHER GROUND ENTERTAINMENT

Higher Ground Entertainment is an esteemed force in the development and production of innovative and insightful documentaries. We have produced several award-winning films. These include: A Sacred Journey; Pancho Gonzalez: Warrior of the Court; Lives in Hazard, It Ain't Love, Americanos: Latino Life in the United States and Pancho Gonzalez: Warrior of The Court.

Besides their entertainment value, films with socially redeeming qualities can be used as a teaching tool as well. Higher Ground Entertainment has maintained a strong voice ready to call attention to societal problems and point in the direction of workable solutions. The thread common in this work is the dignity and spirituality of people from all races and walks of life, and the importance of the humanities in a world where man's treatment of man is, all too commonly, inhumane.

Besides the normal distribution of these films, Higher Ground Entertainment also produces the study guides and directs a national outreach campaign so that the materials can be used in classrooms, prisons, shelters, and wherever else they are needed. We take a very active part in these efforts, going personally to hundreds of schools and other institutions and speaking out on these important issues.

Our public and private support for these films has been impressive. It includes: The U.S. Department of Justice, The U.S. Department of Labor, The US Department of Health and Human Services, Universal Pictures, the Rockefeller Foundation, Sony Pictures, Inc., Food 4 Less, the BEST Foundation: NYNEX, Technicolor, Blockbuster, the Points of Light Foundation, Coca-Cola, California Blue Cross and Blue Shield, the California Wellness Foundation, GTE, Coca-Cola and Bank of America. In 15 years we have raised over ten million dollars to support our programs.
