

Response to Office Action

| |
|---------------------------------------|
| Mark: AUTOCARE ASSOCIATION |
| Applicant: Auto Care Association |
| Application Serial Number: 88/416,952 |
| Date of Office Action: March 1, 2020 |

The Examining Attorney has issued a second Office Action (“Second Office Action”) refusing registration of Application Serial Number 88/416,952 filed by Auto Care Association (“Applicant”) for the mark AUTOCARE ASSOCIATION (the “Mark” or “AUTOCARE ASSOCIATION Mark”) used in connection with: i) “downloadable software featuring information in the field of motor vehicle aftermarket industry; downloadable software featuring information regarding conferences and trade shows in the field of the automotive aftermarket industry” in Class 9; ii) “association services, namely, promoting the interests of the motor vehicle aftermarket industry; lobbying services, namely, promoting the motor vehicle aftermarket industry in the fields of politics, legislation, and regulation; market research; providing trade information in the field of the motor vehicle aftermarket industry; provision of market research and market intelligence information; business services, namely, formulation of best practices and standards for e-commerce and information technology in the field of the motor vehicle aftermarket industry; and arranging and conducting business conferences; providing an online computer database featuring trade information in the field of automotive parts and accessories” in Class 35; iii) “conducting educational conferences and providing training in the field of the motor vehicle aftermarket industry, and distribution of materials in connection therewith in hard copy or electronic format on the same topics” in Class 41; and iv) “software as a service (SAAS) services featuring software in the field of motor vehicle aftermarket industry” in Class 42 (collectively, Applicant’s goods and services in Classes 9, 35, 41, and 42 are referred to herein as “Services” or “Applicant's Services”).

In particular, the Second Office Action maintains the refusals set forth in the first Office Action dated July 29, 2019 (“First Office Action”) on the basis that the Applicant has failed to “prove that a mark has acquired distinctiveness under Trademark Act Section 2(f) and disclaim descriptive wording in the mark.” In addition, the Second Office Action sets forth a “new requirement” stating that the Applicant “may not base a claim of acquired distinctiveness under Trademark Act Section 2(f) on ownership of a registration on the Supplemental Register.” This response (“Response”) to the Second Office Action incorporates by reference the Applicant’s prior response (“Prior Response”) to the First Office Action filed on January 29, 2020.

I. Disclaimer of ASSOCIATION

As set forth in the Applicant’s Prior Response to the First Office Action, the disclaimer for ASSOCIATION is accepted.

II. The AUTOCARE ASSOCIATION Mark has Acquired Distinctiveness

Applicant refers to and incorporates herein the substantial 2(f) evidence submitted in the Applicant's Prior Response to the First Office Action, which includes:

A. 2(f) Declaration – Declaration of Mr. Bert Hogeman, General Counsel of the Applicant, attesting to Applicant's five years of substantially exclusive and continuous use of the Mark in connection with Applicant's Services (See **Exhibit A** of Applicant's Prior Response to First Office Action);

B. Marketing and Advertising Evidence – 19 representative samples of Applicant's extensive advertising and marketing of the AUTOCARE ASSOCIATION brand on a wide variety of media, including websites, press releases, and videos, which have generated nearly 100 million dollars in revenue over the past five years in connection with the sale of Applicant's Services in association with the Mark (See **Exhibit B** of Applicant's Prior Response to First Office Action);

C. Consumer Declarations - 19 declarations of consumers and industry representatives attesting to their immediate recognition of the Applicant's Mark as a source indicator for Applicant and Applicant's Services (See **Exhibits C-Q** of Applicant's Prior Response to First Office Action); and

D. Media Coverage and Press Releases - Numerous publications and press releases in the automotive industry highlighting the fact that Applicant's AUTOCARE ASSOCIATION Mark is a strong brand that is well-known among consumers as a source identifier uniquely associated with Applicant (See **Exhibit R** of Applicant's Prior Response to First Office Action).

In view of the considerable 2(f) evidence submitted in Applicant's Prior Response to the First Office Action, the AUTOCARE ASSOCIATION Mark is well known in the automotive industry and consumers readily recognize the Mark a brand name for Applicant's Services. Accordingly, the Mark has acquired distinctiveness and is entitled to registration on the Principal Register.

III. Withdrawal of Reliance of Registrations on Supplemental Register

Applicant acknowledges that it cannot rely on a registration on the Supplemental Register to support a claim of acquired distinctiveness. Accordingly, Applicant withdraws its former reliance of Applicant's Registration Nos. 4557675, 4557682, and/or 4557695 for marks on the Supplemental Register.

IV. Coexistence of Registrations with 2(f) Claims

Finally, as illustrated by the table below, the Trademark Office has routinely registered marks that contain one or more descriptive terms in conjunction with the descriptive, disclaimed term ASSOCIATION, where the applicant submitted *substantially less evidence* to support its

claim of acquired distinctiveness (Trademark Office records for each mark below are attached as Exhibit S).

Like Applicant’s Mark, all of the registrations above contained a descriptive term followed by the term ASSOCIATION. In addition, all of these marks were registered with either only a 2(f) Declaration of five years use, or a 2(f) Declaration combined with minimal additional evidence of acquired distinctiveness. Given the precedent set by these registrations and the overwhelming evidence of acquired distinctiveness Applicant has provided here, Applicant implores the Examining Attorney to withdraw her refusal and accept Applicant’s acquired distinctiveness claim.

Having responded to the issues raised by the Examining Attorney, Applicant respectfully requests that the application be approved for publication.

The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
