Description

Reviews (0)

Brand	Finew
Date to market	May 2019
Origin	China Shichuan

BLANK TOP: This version does not include any printing on the top. It's the same as our popular Classic Fillgree but without the printing of "BREADS" on top. We also offer personally engraved versions of this product like our Family Seal design.

ROCK SOLID: Tested to hold 30lbs of weight and still function perfectly. In trials we've had a 130lb person stand on it. 100% solid bamboo wood--no particle board or composites. **DURABLE:** We designed & built the sturdiest, longest-lasting breadbox possible. We ship it in a double-wall cardboard box (in addition to the Amazon box) for added protection

SLIDING LID: Lid may not slide easily for 7% of users. This is due to bamboo expanding in your climate. Rub a birthday candle (not included) along groove to easily resolve.

LARGE STORAGE: Lid opens inside to back wall, maximizing storage inside bread box. Large 16x7in top offers more storage space.

100% GUARANTEED: If not satisfied, send it back for a full refund.
