- ✓THE HIGH-FOOT DESIGN KEEP BREAD AWAY FROM WATER ON THE COUNTERTOP – The 4 foot under the wood breadbox bottom is 1cm high which can make the bread boxes not touch the water surface to promise bread fresh longer.
- ✓THE MULTIFUNCTIONAL REMOVABLE PARTITION DESIGN WILL SURPRISE YOUR LIFE – Use the removable partition as a bread cutting board, variable interior space of the farmhous bread bins can satisfy much more sizes of bread or storage jars.
- ✓THE DOUBLE SLOTTED HANDLES DESIGN CAN MAKE YOU MORE CONFIDENT – The slotted handles on both sides allow your hands to grip the bread box container to avoid slipping during the moving. Moving your bread box will become conveniently and safely.
- ✓THE SLIDING DOOR DESIGN CAN SAVE YOUR KITCHEN SPACE – Roll-top bread box is the best choice to save kitchen room. A smooth sliding door is very important. So our groove has been polished in many steps to ensure you could open or closed the door easily.
- ✓MADE OF THICKER BAMBOO BOARDS TO GUARANTEE BREAD BOX STRONG AND HEALTH – Our rustic bread box use 1.5cm thick bamboo boards which is thicker than other 1cm. So our bread box is much more solid and never deform. Made of food grade natural bamboo and colored with pure natural soybean oil which is non-toxic and odorless to ensure health and environmental protection.

Question: what are the outside dimensions of this bread box, once fully assembled?
Answer: The dimensions are in the description. They are accurate and true.

Question: Why are screw plugs (covers) not included? What size who I need if I wanted to buy screen plugs for this bread box?

Answer: My screws don't go in far enough to put covers on them so that's why you didn't get covers. The holes aren't deep enough for the covers

Question: What is the height of bread box foot?

Answer: The bread box has 4 foot which is 1cm, that is enough height to make the bread box bottom not touch the counter water surface to promise bread fresh.

★★★★★ **Easy to put together**
Reviewed in the United States on July 28, 2019

This is not low quality wood. It seems like actual bamboo and it's thick and hefty. I think if I dropped this thing it would stay intact and not break on me. I don't think this will be a problem though, it is easy to move with the handles that it came with. What I love the most is the sliding door on it. It is a real smooth slide and everything fits together so well without any gaps or holes. It was cut very well, and this is why I spent a bit extra to get a high quality breadbox instead of a cheap one that isn't straight and doesn't fit together well. I bought this to replace my built in bread box that the sliding door broke on. I actually like this one better, so I will be removing my old one. There is some assembly required, but it only requires a screwdriver and I wouldn't recommend using an electric screwdriver since you could hurt or crack the wood if it is too strong. It also has a removable board that can be used as a cutting board for the bread. That is so handy because if you buy bread that isn't already sliced, you can slice it right there without needing to go get a cutting board. Not to mention, my loaf fits in there perfectly.

This is a fabulous bread box! Very nice quality with interior shelf and cloth lined rolling door. It was fairly easy to put together with everything you need included. It helped me to lay it on its side when putting together because you have to be able to see to put the door in the tracks. Door opens smoothly and holds a lot! Would make a great gift.

★★★★★ **Terrific! And we don't even use it for bread!**

Reviewed in the United States on February 8, 2020

Verified Purchase

We have been using a bread box for vitamins, supplements and medicines that we take with food. This bread box with two shelves is perfect. Yes, it would easily hold two loaves of bread, but could also be used for spices, baking supplies and canned goods. After setting up the last picture, I've just decided to purchase an additional one. It's sturdy enough to hold lots of cans of soup, tomato sauce, whatever. It's like a mini kitchen cabinet! I also love how good it looks with my maple cabinets.

It arrived less than 24 hours after I ordered it, packaged securely and in perfect condition. The assembly instructions are very simple and I assembled it in about 30 minutes. Make sure you have the roll top lined up in the track before tightening all of the screws. Don't fully tighten the screws until you have the bread box COMPLETELY assembled. Once the screws are firmly tightened, the roll top will glide smoothly. If you want it even smoother, rub a birthday candle in the tracks.

Whenever I buy something new for our house, I ask my husband how he likes it. Normally he says something like "it looks fine." When I asked him how he liked the bread box, he said "I LOVE IT!!" Need I say more?

★★★★☆ **Size and price is right - One change would really improve the box**

Reviewed in the United States on December 26, 2019

I love the size of this bread box. Mine was solid and easy to put together. No problem with broken parts etc. The ONLY thing I would change on this is that the roller part has white cloth that is glued to the board to create the roller. You can see that white cloth when the box is open and it looks shabby. I chose this one because that white was NOT showing in the picture here. Unfortunately it does have that cloth like some of the others show in their

pictures. How hard would it be to use tan cloth so it does not show?

★★★★★ **Well made but tricky to build**

Reviewed in the United States on September 10, 2019

Verified Purchase

I'm a huge baker and I was looking for a nice Bread Box for my kitchen counter.

The bamboo wood is really well cut and finished.
Instructions are easy and the screwdriver is included

The door can be a little tricky to mount and I strongly suggest to rotate the box on a side when you are sliding the door and adding the last two screws.

★★★★☆ **Spacious but roller top needs improvement**

Reviewed in the United States on August 25, 2019

The roller top isn't that smooth, sometimes it is hard to open so I am not sure how long it will last. It does hold a lot of bread. I can fit a big loaf of bread, 2 packs of buns, and English muffins and still have extra room.

★★★★★ **Excellent capacity**

After trying to thrift a vintage bread box and not finding the capacity I had in mind I decided to purchase this one and give it a top coat to match my cabinets. Installation was way too easy and no need for a drill. I was able to use the little screwdriver that came with it. Very happy.

★★★★★ **Love**

Love! We are a family of six so we go through a lot of bread making for kids lunches everyday! I also try and bake as much as possible so we had problems fitting bread in our single bread holder that was like this but a little bit half the size of this one. We don't have a big kitchen so don't have a lot of space so this has been great to have and I'm so happy to have it! Looks very nice lightweight but sturdy.
