

## Our Members

Internet Association is the only trade association that exclusively represents leading global internet companies on matters of public policy.

Our mission is to foster innovation, promote economic growth, and empower people through the free and open internet.

We believe the internet creates unprecedented benefits for society, and as the voice of the world's leading internet companies, Internet Association works to ensure legislators, consumers, and other stakeholders understand these benefits.

### In Defense Of Innovation

Whenever we power up a phone, download an app or browse the web, we expect all our devices, software and platforms to work together seamlessly. That expectation is at the heart of the digital experiences we enjoy every day. Whether we're playing a favorite song in a music streaming app and sound comes out of... [Read more →](#)
