

NEW .300 NORMA MAGNUM NEW .338 NORMA MAGNUM

.300 Norma Magnum

Desert Tech Munitions is now offering New .300 Norma Magnum Match ammunition loaded with the 230 grain Sierra Matching.

The .300 Norma Magnum outshined the .338 Lapua Magnum in the ASR military program due to its superior accuracy, reduced recoil, and flatter trajectory.

\$99.95 per box (20 rmds)

Weight: 230 gr
G1 BC: 0.8
Velocity: 2985 fps

.338 Norma Magnum

Desert Tech Munitions is now offering New .338 Norma Magnum Match ammunition loaded with the 250 grain Lapua Scenar.

The .338 Norma Magnum nearly matches the performance of the .338 Lapua Magnum but in a more efficient cartridge casing which improves accuracy and consistency shot to shot.

\$99.95 per box (20 rmds)

Weight: 250 Gr
G1 BC: 0.648
Velocity: 2900 fps

NEW .408 CT

We have been supplying match .408 CT Match ammunition to international military clients for years and we have decided to make it available commercially in 2020.

The .408 Cartridge provides phenomenal performance beyond 2000 meters and beyond 600 meters it retains more kinetic energy than the .50 BMG

The .408 uses a 400 grain bullet that's sub-moa accurate and sports a very high BC of 0.983!

\$74.95 per box (20 rmds)

Weight: 400 Gr
G1 BC: 0.983
Velocity: 2850 fps

Introducing the next generation of MDR rifles

MDR X

NEW Stronger polymers:
Passes Mil-spec drop tests
