Lowe's Knows What It Takes to Make Your Garden Grow

When it comes to your lawn, some of the best tools to keep things in order are lawn mowers, leaf blowers, trimmers and edgers. But when you're gearing up for gardening or shaping up trees and other plants, you need a different set of tools. Lowe's has a large selection of [landscaping tools](#) designed to sharpen the details of your yard.

Gardening Tools

Whether you're a novice or a seasoned gardener, having the right [garden equipment](#) and [planting tools](#) makes the work easier and more efficient. If you're placing plants like begonias or pansies, you'll need a [garden trowel](#), or [hand trowel](#). [Pitchforks](#) are handy tools to have around and come in a variety of designs to tackle different jobs, including bedding forks for moving loose material and spading forks to turn soil. Having a [rake](#) is beneficial too, with options geared toward specific needs like clearing grass clippings or breaking into hard ground. Growing your own herbs or vegetables or need to keep small blooms trim and tidy? Grab [garden scissors](#) to trim stems. And don't forget about [wheelbarrows](#) for an easy way to haul mulch, garden soil and more around your landscape.

Pruning Tools

[Pruning tools](#) allow you to cut away dead or overgrown branches or stems to ensure healthy plant growth continues. With [garden clippers](#), [pruning scissors](#) or [pruners](#), you can easily cut delicate flower stems without damaging the plant. Need to tame unruly bushes or trim back tree branches? [Tree pruning tools](#) are the way to go. And those wild fringes.

Snow Tools

Even when it's cold out and things aren't growing, you may still need to maintain your landscape. If you need to clear snow from your deck, sidewalk or driveway around your home, a classic [snow plow shovel](#) is the perfect tool for the job. And with a variety of [ergonomic snow shovels](#) to choose from, scooping and shoveling is easy and comfortable.

At the end of the day, having the right tools on hand is key. But so is making sure they are kept in proper working order. Invest in a [garden tool sharpener](#) to keep blades sharp, and practice other care methods like wiping down tools between jobs. When you're ready to get growing, head to Lowe's where you can find all you need in store. Or you can buy online and pick up at a Lowe's near you. Either way, we're ready to take your yard to the next level.
