

The amendments to the identification of goods and services submitted herewith respond to the majority of the Examining Attorney's requested amendments.

However, the Examining Attorney requested further clarification of "photosharing and video sharing services" and "providing online resources for software developers" in Class 41, and requested that these descriptions be reclassified in Class 42.

As to "photosharing and video sharing services," Applicant disagrees that further clarification and reclassification is necessary since the Trademark Office has accepted "photosharing and video sharing

services" in the description of services in several trademark registrations, including:  (Reg. No.

4978381 for "photosharing and video sharing services"),  (Reg. No. 4978380 for "photosharing

and video sharing services"),  (Reg. No. 4978379 for "photosharing and video sharing services")

and  (Reg. No. 4978378 for "photosharing and video sharing services"). Because "photosharing and video sharing services" has been accepted in the above-noted registrations, no further clarification of these services is necessary. **See Exhibit A.**

Similarly, the Examining Attorney considers "providing online resources for software developers" to be classified in Class 42. However, rather than reclassifying this description into Class 42, Applicant hereby clarifies this description to read "providing online resources, **namely, information, electronic publications, and websites** for software developers." Applicant respectfully requests that this description as amended be accepted without further clarification and remain in Class 41, as the Trademark Office has accepted nearly-identical language in Class 41 in several trademark same description was accepted by the Trademark Office in the description of services in a prior registration

and several allowed applications, including:  (Reg. No. 5311818 for "providing online resources

for software developers"), OCULUS (Application No. 87731331) and  (Application No. 87741851) (both for "providing online resources for software developers, namely, blogs featuring software and game development information, non-downloadable tutorial videos, non-downloadable informational videos, electronic assets in the nature of non-downloadable digital documents, non-downloadable audible content, and non-downloadable motion pictures, online publications in the nature of guide books featuring software development information, and online publications in the nature of e-books and educational articles featuring software and game development information"),

 Application No. 87704885 for "providing online resources for software developers in the fields of education, recreation and entertainment, namely, computer software development tools"), and FB.GG (Application no. 88307582 for "providing online resources, namely, information, electronic publications, and websites for software developers.") See Exhibit B.

REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION

WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.

Requirements in the First Ten Years*

What and When to File:

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.* See 15 U.S.C. §1059.

Requirements in Successive Ten-Year Periods*

What and When to File:

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.*

Grace Period Filings*

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
