Description

Hand-free Switch Design: The cigarette lighter is specially designed with a rotatable switch, which help you free your hand. You don't need to hold on the button for a continued flame anymore.

Easy Use: You can rotate the side switch to the red inverted triangle position before use. After igniting, rotate back to the position where the black point is aligned with the triangle to avoid gas leakage.

Strong Lockable Flame: With the powerful burner, you can light up your cigarette or cigar quickly, easy handle breeze weather. The flame size can adjust by the dial below. Suitable for occasions like cigar lighting, kitchen, BBQ, hiking, firework, camping etc.

Durable& Practical: Built with whole metal body, High grade finish. Optimization inner structure and thermal-isolating sheet make it safe, sturdy, precise and lightweight.

It worked maybe a half dozen times the day I opened it, and never workwd again. Fuel just doesn't come out when you activate the knob.
