VERIFIED STATEMENT
Under 37 C.F.R. §2.33

The applicant believes the applicant is the owner of the mark; that the mark is in use in commerce; that to the best of the signatory's knowledge and belief, no other person has the right to use the mark in commerce, either in the identical form or in such near resemblance as to be likely, when applied to the goods or services of such other person, to cause confusion or mistake, or to deceive; that the specimen shows the mark as used on or in connection with the goods or services; and that the facts set forth in the application are true.

There are No Conflicting Registrations, that would inhibit my Trademark Registration(s). My Specimen submitted to the USPTO shows my marks used in commerce with a URL link.

The applicant/holder is entitled to use the mark in commerce that the U.S. Congress can regulate on or in connection with the goods or services specified in the international class in the application.

To the best of his/her knowledge and belief, no other person, firm, corporation, association, or other legal entity has the right to use the mark in connection with near resemblance thereto as to be likely, when used on or in connection with the goods or services of such other person, firm, corporation, association, or other legal entity, to cause confusion, or to cause mistake, or to deceive.

I created and maintain distinguishable and secondary meanings for the word(s) "app" and "app.inc" for domain name leasing services are distinct of the software applications industry.
