

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

Mark: BLADE
International Class: 042
Serial No.: 88927217
Applicant: VIVA Railings, LLC
Filing Date: May 21, 2020
Docket No.: CVIVA.00505
Examiner: Tina Brown

Commissioner for Trademarks
P.O. Box 1451
Alexandria, VA 22313-1451

RESPONSE TO OFFICE ACTION

In response to the Office Action dated August 27, 2020, Applicant hereby presents the following amendments regarding the above-identified application as follows:

I. IDENTIFICATION AND CLASSIFICATION OF SERVICES CLARIFICATION

The Examiner has asserted that the identified classes for Applicant's services is in need of clarification because Applicant's identified services could potentially fall under other international classes such as class 037 and/or 040. Applicant appreciates the Examiner pointing out Applicant's need to clarify the services offered under Applicant's mark. Therefore, Applicant hereby amends the identification of services as referenced below:

Class 042: Designing **and**, engineering, ~~fabricating, and installing~~ architectural ornamental structural elements for buildings.

The above amendment should satisfy the Examiner's requirement that Applicant clarify the identification/classification of services and should indicate that the inclusion of additional classes is not required. Thus, Applicant respectfully requests that the Examiner remove the

identification/classification of services requirement and the multiple-class application requirement.

II. CONCLUSION

Applicant believes that the above amendment to its identification of services will satisfy the Examiner's identification/classification requirement and should not require the inclusion of additional classes.

If any issues remain, the Examiner is invited to call the undersigned attorney at 972.367.2001.

Date: February 26, 2021

Respectfully submitted,

By: /Stephen Y. Liu/
