## SUCCESS STORIES

### See why our customers choose GoTo

#### GoToConnect Powers Remote Work

"I am able to work out of the office and still receive and transfer my calls."

Joan Fedor,  
Admin Assistant,  
Shumway Van Law Practice

SHUMWAY • VAN

## GoTo in the courtroom

#### Integrated Administration

Mitigate billable leakage and improve your client's experience with GoTo's Clio integration.

#### Secure Meetings

Meetings can be locked and password protected to keep client conversations confidential.

#### Conference Room Solutions

GoToRoom enables virtual client meetings using secure, state of the art, audio and video conference room technology.

### Trusted, secure communications

Our award-winning suite of products are loved by global customers and lauded by industry analysts.

- ✓ TLS encryption protects meeting data while 256-bit AES encryption at rest keeps client recordings and transcriptions confidential.
- ✓ Meeting locks, passwords and organizer settings keep you in full control of your meetings.

### Seamless client experience

Stay in touch with clients from anywhere with GoTo's professional collaboration suite.

- ✓ Provide a professional experience for clients from your desktop or mobile device.
- ✓ Clients can join simply by web browser or on their mobile phone, for free.
- ✓ Use video conferencing, chat or a conference call to stay in touch.
- ✓ Integrated with Clio to streamline billable hours.

### Optimize efficiency

Free up your time to maximize your billable activity with a modern unified communication suite.

- ✓ Eliminate billable leakage with automated call tracking.
