Awesome clippers. Very lightweight and easy to hold. Great style and design. Love the cordless style. Nice and sleek look. LCD display shows you when the battery is low or what percentage it is at. Long lasting battery life. Nice groove for holding and wrist movement. Low noise level. Very good price and value!! Definitely recommend these clippers!!

★★★★★ **It has physical switches for on and off**

Reviewed in the United States on January 12, 2021

Color: V-181 | **Verified Purchase**

Great set of hair clippers. Really like that there's a physical on off switch on the side. This makes it easier to control the device without having to look for push button which you see on many hair clippers nowadays. Comfortable use I like the colour easy to interchange different attachments for the different lengths.

☆☆☆☆☆ **Watch the reviews on this product, they must be paid..these are junk**

Reviewed in the United States on February 17, 2021

Color: V-069 | **Verified Purchase**

Bought these about a month ago for my wife to try since she cuts my hair. The first pass or 2 these kept stopping to work. So I would take the grooming comb off and have to move very little hair to get them to work for one more pass. Then again they would stop working. Mind you my hair is not thick at all and thinning on top. So we pulled out the plug in clippers Wahl brand and they cut like hot butter like they always have. Wanted to try a pair that were cordless and the ad definitely made it clear that these would cut hair easily. I would return them but missed the 30 day return with Amazon by 6 days. Don't expect much from these. Now we have a paperweight.

★★★★★ **Sharp blade gives great haircuts, thick or thin hair types**

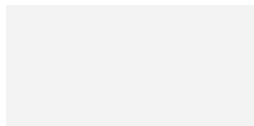

Reviewed in the United States on March 4, 2021

Color: V-069 | **Verified Purchase**

These hair trimmers have been great for at home haircuts and beard trimming for my husband. The blade is very sharp and cuts the hair nicely. There is no tugging at the hair in between the blades or getting it stuck. The blade can be adjusted between 0.8mm to 2.0mm with a simple twist. I really like that it is cordless and I don't have the cord in my way while trying to cut hair. I have given about 12 haircuts before I had to

charge the clippers. I get 240 minutes of use from 3 hours of charge. They operate very quietly and they are very durable. I have cut my son's curly hair with these and my husbands

Reviewed in the United States on February 21, 2021

So I open up the box and I have a tiny clipper fitted in the box with plenty of room to spare. Does not even fit in the plastic image holder. A tiny little trimmer that has no USB charger but a place for batteries. The clippers are too SMALL for the GUIDE COMBS. There is no adjustment ring. Not chrome and black but all black. No led readout on/off button on side not front as shown. This is. Thrown together piece of junk! YOU HAVR BEEN WARNED!

★★★★★ **Professionally amazing**

Reviewed in the United States on May 7, 2021

Color: V-069 | **Verified Purchase**

Clippers are very high tech (for clippers) imo. Different speeds, chordless, battery info and just good useful technology for hair clippers. As for cutting, it cuts as well as any clippers i've ever used. Its fully adjustable for fading and there are clipper guides as well in addition. Its just well rounded. I've used them now for about 4 months with 0 issues. Love them and would certainly order again. These clippers imo are worth much more than what they cost.

Awesome clippers. Very lightweight and easy to hold. Great style and design. Love the cordless style. Nice and sleek look. LCD display shows you when the battery is low or what percentage it is at. Long lasting battery life. Nice groove for holding and wrist movement. Low noise level. Very good price and value!! Definately recommend these clippers!!

★★★★★ **It has physical switches for on and off**

Great set of hair clippers. Really like that there's a physical on off switch on the side. This makes it easier to control the device without having to look for push button which you see on many hair clippers nowadays. Comfortable use I like the colour easy to interchange different attachments for the different lengths.

★★★★★ **Watch the reviews on this product, they must be paid..these are junk**

Reviewed in the United States on February 17, 2021

Bought these about a month ago for my wife to try since she cuts my hair. The first pass or 2 these kept stopping to work. So I would take the grooming comb off and have to move very little hair to get them to work for one more pass. Then again they would stop working. Mind you my hair is not thick at all and thinning on top. So we pulled out the plug in clippers Wahl brand and they cut like hot butter like they always have. Wanted to try a pair that were cordless and the ad definitely made it clear that these would cut hair easily. I would return them but missed the 30 day return with Amazon by 6 days. Don't expect much from these. Now we have a paperweight.

★★★★★ **Sharp blade gives great haircuts, thick or thin hair types**

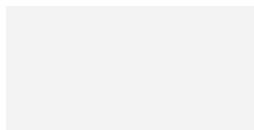

Reviewed in the United States on March 4, 2021

Color: V-069 | **Verified Purchase**

These hair trimmers have been great for at home haircuts and beard trimming for my husband. The blade is very sharp and cuts the hair nicely. There is no tugging at the hair in between the blades or getting it stuck. The blade can be adjusted between 0.8mm to 2.0mm with a simple twist. I really like that it is cordless and I don't have the cord in my way while trying to cut hair. I have given about 12 haircuts before I had to

charge the clippers. I get 240 minutes of use from 3 hours of charge. They operate very quietly and they are very durable. I have cut my son's curly hair with these and my husbands

★★★★★ **WARNING JUNK**

Reviewed in the United States on February 21, 2021

Color: V-069 | **Verified Purchase**

So I open up the box and I have a tiny clipper fitted in the box with plenty of room to spare. Does not even fit in the plastic image holder. A tiny little trimmer that has no USB charger but a place for batteries. The clippers are too SMALL for the GUIDE COMBS. There is no adjustment ring. Not chrome and black but all black. No led readout on/off button on side not front as shown. This is. Thrown together piece of junk! YOU HAVR BEEN WARNED!

★★★★★ Professionally amazing

Reviewed in the United States on May 7, 2021

Clippers are very high tech (for clippers) imo. Different speeds, chordless, battery info and just good useful technology for hair clippers. As for cutting, it cuts as well as any clippers i've ever used. Its fully adjustable for fading and there are clipper guides as well in addition. Its just well rounded. I've used them now for about 4 months with 0 issues. Love them and would certainly order again. These clippers imo are worth much more than what they cost.
