**Response to Official Action**

Dear Sir:

In response to the Office Action mailed on August 15, 2021, please enter the following Amendment and Remarks.

**Amendment**

Applicant proposes to amend the following class of services in the application back to the initial applied-for identification:

**Proposed:** Class 036 for Cryptocurrency exchange services featuring blockchain **transactions, namely, tokenized real estate lending.**

**Remarks**

The Examining Attorney has objected to the identification of the services. By this Amendment, the identification of services is amended.

Applicant provides an ICO token which token tracks company performance and provides the token holder governance and participation in reward pools. Applicant is the first company to provide tokenized real estate lending services using cryptocurrency.

Applicant gratefully acknowledges the indication that there is no similar registered or pending mark which would bar registration. It is respectfully submitted that the foregoing Amendment and Remarks responds to the issues raised in the Office Action. Accordingly, it is requested that the present application be approved for publication.

Respectfully submitted,

---
