Description

NIOSH N95 Approved
 When you do job that produces dust, such as cutting wallboard/sheetrock, doing demolition work, sanding woods, swee doing garden projects, wear a properly-fitted, high-efficiency respirator mask is a must have to reduce the risk of breath protects your lung.
 NIOSH certified N95 protection class means that when subjected to careful testing, the respirator blocks at least 95 per (0.3 micron) test particles free of oil.
 Our N95 disposable air pollution mask provides effective protection from airborne particles such as allergens, pollen, pe mold spores, leaves, grass clippings, flour, wood and sawing dust, smoke, and certain other solid substances free of oil N95 respirator is widely used in home, workshop, studio art manufacturing, travel and more.
Comfortable Fit
 Our N95 respirator provides lightweight, effective, comfortable and hygienic respiratory protection against dusts. This N95 face mask is foldable, convenient to storage and carry.
 The adjustable nose clip and two elastic head straps allows for a more custom fit and create a secure seal for maximum The half face mask is comfortable and adaptable to any face shape, even when used with other personal protective eqi glasses, safety helmets, hard hats, ear muffs or goggles.
 Advanced, 4-layer filter material gives effective filtration with low breathing resistance for consistent high quality perform Particle mask with exhaust valve reduces heat, moisture and fogging build-up inside, and improves comfort in hot humi and/or where work is hard and physical
 Package including : 10PCS Dust Masks

Detail Image

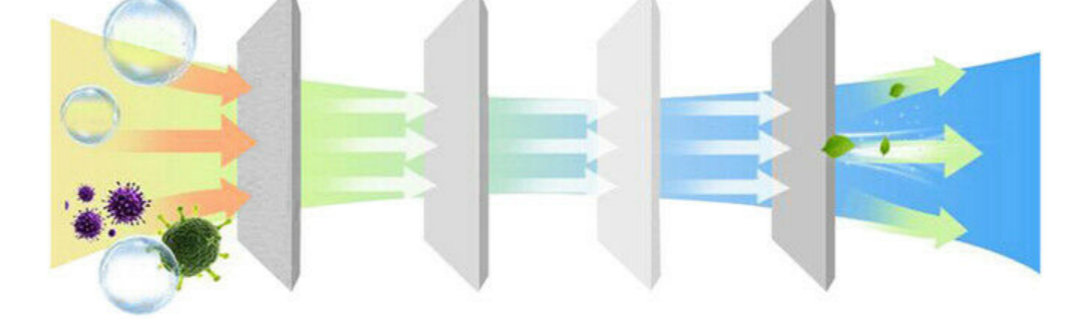

NIOSH N95 Standard

Easy Breathing & Speaking

Cover-Up

I gave 4 stars because I'm still using the first one (cutting grass) and only wore about 3 times so far. The jury's still out but so far it's not bad. I did just order a case of the same brand but not with the fold in the middle as these are what I'm used to. The brand itself seems to be of quality and I'm sure I just need to get used to the center fold (LOL).

The product works well.

The product works well. It gets the job done and it is much less expensive than the 3M product. The thing to note is that the mask runs small in size. If you have a larger face, then this product will not work for you. My nose and mouth almost touch the mask inside. I usually have to adjust the mask constantly to keep it from touching my nose.

Same as 3M but better price!

Title has my review. Would recommend this product. We use it in the daily application of fiberglass insulation.

Would buy again! Lightweight with great features!

Good value, compared to the surgical mask, with no port these are easy to breathe with

Seems to work well!

Have not had a chance to use one of the filters for a prolonged amount of time yet. But for the few minutes that I did use it, it made a good face seal and did breath well! The offset exhaust valve does not seem to be a problem but does allow multiple filters to stack well.
