Schaefer Rollout Waste Carts include the latest ergonomic and advance features in the industry. Completely manufactured in the US using injection-molded polyethylene under strict ANSI guidelines, these containers are maintenance-free thanks to its lubricated for life bearing, 270° opening lids seal in odors and overlap for rain protection. The body features non-slip, textured finish on corners for grabber efficiency, smooth surface inside and out for easy cleaning, and a free rotating bar for less stress on cart and thus long term performance. Ergonomically designed handles for ease of pushing/pulling the cart, and RFID ready. Available in 3 popular colors blue, green and charcoal, can be hot stamped on lid and body. (SKU # USD95Bb.500)

- US manufactured with injection-molded polyethylene under the most strict ANSI & ISO guidelines
- 270 grades opening lid design that seals in odors and overlaps for rain protection
- Height 46.1", Height -Body 42.8", Width 27.7", Depth 31.6", Wheel 12", Load Rating 340Lbs and Truckload Qty\* 427
