A cart is a cart unless it's an ICON. Built to handle the demands of the real world, ICON has earned the confidence of businesses and municipalities across North America. Cascade carts have a reputation for exceptional durability and functionality, in three distinct sizes: 35 | 64 | 96 Gallons.

Cascade Icon Series Roll-Out Carts ICON Series set the bar for residential carts, and continues pushing industry standards to this day.

Overview

Cascade's ICON Series set the bar for residential carts, and continues pushing industry standards to this day.

Cascade set out to manufacture a better residential cart – and exceeded every expectation with the ICON Series. Built to handle the demands of the real world, ICON has earned the confidence of businesses and municipalities across North America. Cascade carts have a reputation for exceptional durability and functionality, in three distinct sizes: 35 | 64 | 96 Gallons. Customized graphics are available on request and can include full-color lid graphic options, multiple hot stamp locations, and much more. Other options include Rubber Wheels, Yard Waste Venting, Document Destruction Lid, Bottle/Can Recycling Lid, and Lid Latches. Fully automated solutions are available on request.

Features and Benefits:

- Injection molded with High Density Polyethylene (HDPE)
- UV stabilized against sun damage
- Manufactured with molded-in double wear strips to protect the cart bottom against abrasion
- ANSI compliant
- 100% recyclable
- Cascade boasts the industry's largest variety of standard color options for carts and lids
- Rugged RFID tags come standard on every cart
- Snap-on wheels are tough and durable, but require no tools for installation
- RFID: Included Standard
