downloadable electronic publications in the nature of articles in the field of general human interest	downloadable electronic publications in the nature of articles in the field of general human interest music, sports, art, fashion, current events, entertainment, news, technology, and recreational activities
downloadable voiceenabled software applications for personal information management	downloadable voice-enabled software applications for personal information management
electronic communication equipment and instruments, namely, mobile and wearable	The wording "electronic communication

<p>digital electronic devices for sending and receiving of text, data, audio, image, and video files</p>	<p>apparatus, namely, mobile and wearable digital electronic devices for sending and receiving of text, data, audio, image, and video files” was accepted for Reg. No. 6727722 (filed after the present application), and identical or highly similar wording has been accepted for numerous other registrations.</p> <p>We would therefore like to maintain our current wording or, if necessary, amend to the above wording, which just replaces “equipment and instruments” with “apparatus”.</p>
<p>telecommunications apparatus and instruments, namely, speakers and microphones sold as component features of computers, mobile and wearable digital electronic devices for the sending and receiving of telephone calls, text messages, electronic mail, and other digital data, and for use in providing access to the internet</p>	<p>Here too, we note that the wording “electronic communication apparatus, namely, mobile and wearable digital electronic devices for sending and receiving of text, data, audio, image, and video files” was accepted for Reg. No. 6727722 (filed after the present application), and identical or highly similar wording has been accepted for numerous other registrations.</p> <p>As we understand the issue with this clause is with “wearable digital electronic devices”, we would prefer to maintain our current wording in line with what was accepted for Reg. No. 6727722.</p>
<p>portable handheld wearable digital electronic devices for recording, organizing, transmitting, manipulating, reviewing, and receiving text, data, audio, image and digital files and for manipulating and reviewing display screens</p>	<p>Here too, we note that the wording “electronic communication apparatus, namely, mobile and wearable digital electronic devices for sending and receiving of text, data, audio, image, and video files” was accepted for Reg. No. 6727722 (filed after the present application), and identical or highly similar wording has been accepted for numerous other registrations.</p> <p>As we understand the issue with this clause is with “wearable digital electronic devices”, we would prefer to maintain our current wording in line with what was accepted for Reg. No. 6727722.</p>
<p>Computer hardware for data storage, namely, mobile and wearable digital electronic devices for the storage of text, data, audio, image, and video files</p>	<p>Here too, we note that the wording “electronic communication apparatus, namely, mobile and wearable digital electronic devices for sending and receiving of text, data, audio, image, and video files” was accepted for Reg. No. 6727722 (filed after the present application), and identical or highly similar</p>

	<p>wording has been accepted for numerous other registrations.</p> <p>As we understand the issue with this clause is with “wearable digital electronic devices”, we would prefer to maintain our current wording in line with what was accepted for Reg. No. 6727722.</p>
wearable computer hardware	wearable computer hardware, namely, smart watches, wearable activity trackers, smartglasses, wearable cameras, and wearable global positioning systems
Class 41	
Publication of online journals, namely, blogs featuring advertising, marketing and business content, blogs about virtual reality and augmented reality, and blogs featuring user-defined content in the fields of general interest, entertainment, current events, news, and technology;	Publication of online journals, namely, blogs featuring advertising, marketing and business content, blogs about virtual reality and augmented reality, and blogs featuring user-defined content in the fields of general interest music, sports, art, fashion, recreational activities , entertainment, current events, news, and technology
Entertainment services, namely, providing online virtual reality games, online virtual reality content in the nature of virtual reality experiences, and interactive entertainment in the nature of online video games, online computer games, online interactive multimedia games, online non-downloadable interactive motion pictures featuring topics of general interest, online non-downloadable interactive videos featuring topics of general interest, interactive television in the nature of a continuing general interest shows broadcast over the internet, and interactive digital multimedia content in the nature of virtual and augmented reality, all provided on-line from a computer network	Entertainment services, namely, providing online virtual reality games, online virtual reality content in the nature of virtual reality experiences, and interactive entertainment in the nature of online video games, online computer games, online interactive multimedia games, online non-downloadable interactive motion pictures featuring topics of general interest music, sports, art, fashion, current events, entertainment, news, technology, and recreational activities , online non-downloadable interactive videos featuring topics of general interest music, sports, art, fashion, current events, entertainment, news, technology, and recreational activities , interactive television in the nature of a -continuing general interest -shows broadcast over the internet featuring topics of music, sports, art, fashion, current events, entertainment, news, technology, and recreational activities , and interactive digital multimedia content in the nature of virtual and augmented reality, all provided on-line from a computer network
Entertainment services, namely, providing online augmented reality games, online augmented reality content in the nature of augmented reality experiences, and interactive entertainment in the nature of online video	Entertainment services, namely, providing online augmented reality games, online augmented reality content in the nature of augmented reality experiences, and interactive entertainment in the nature of online video games, online computer

<p>games, online computer games, online interactive multimedia games, online non-downloadable interactive motion pictures featuring topics of general interest, online non-downloadable interactive videos featuring topics of general interest, interactive television in the nature of a continuing general interest shows broadcast over the internet, and interactive digital multimedia content in the nature of virtual and augmented reality, all provided on-line from a computer network</p>	<p>games, online interactive multimedia games, online non-downloadable interactive motion pictures featuring topics of general interest music, sports, art, fashion, current events, entertainment, news, technology, and recreational activities, online non-downloadable interactive videos featuring topics of general interest music, sports, art, fashion, current events, entertainment, news, technology, and recreational activities, interactive television in the nature of a continuing general interest shows broadcast over the internet featuring topics of music, sports, art, fashion, current events, entertainment, news, technology, and recreational activities, and interactive digital multimedia content in the nature of virtual and augmented reality, all provided on-line from a computer network</p>
<p>Entertainment and educational services, namely, providing non-downloadable movies, television shows, webcasts, audiovisual, and multimedia works via video-on-demand services in the fields of music, sports, art, fashion, current events, recreational activities and general interest</p>	<p>Entertainment and educational services, namely, providing non-downloadable movies, television shows, webcasts, audiovisual, and multimedia works via video-on-demand services in the fields of music, sports, art, fashion, current events, recreational activities, and general interest entertainment, news, and technology</p>
