

Luminary Cloud

Realtime Engineering™ for
faster engineering cycles and faster insights.

In engineering, there are always compromises

Your simulation platform shouldn't be one of them.

No More Compromising

Supercomputer-class CFD for high performance and high accuracy without breaking the bank.

Faster Engineering Cycles

Performance and automation to rapidly iterate and find your best design.

**Built by a team that knows
both SaaS and simulation**

Jason Lango

Prof. Juan Alonso

Sutter Hill Ventures

Jason Lange

CEO & Co-founder

20+ years in High-Performance Infrastructure, Cloud Computing, and Cybersecurity. Brown University Computer Science, NetApp, Silicon Graphics (SGI).

Prof. Juan Alonso

CTO & Co-founder

20+ years in Computational Physics, Aerospace Engineering, and Design Optimization. Professor and Director of Aerospace Design Laboratory at Stanford University.

Sutter Hill Ventures

Investor

Backing market-leading companies since 1962. Founding investors in NVIDIA, Snowflake Computing, Pure Storage, and hundreds more.
