

Amax NutraSource is an established industry leading raw material manufacturer and distributor of herbal extracts and other nutritional supplements. Our manufacturing plants operate in conformity with standards, are GMP and ISO 9001:2000 certified and feature state-of-the art processing equipment.

Quality control of our products begins at the source through our worldwide cultivation and procurement operations which guarantee the finest raw material for over for over 400 botanical extracts. The combined extraction resources of our factories give us one of the largest capacities in the world but also allow us to process smaller, customized runs. Most of our products are **Kosher Certified**.

In addition to our wide range of botanical extracts and specialty nutritional supplements, we offer custom *extraction, blending, and formulation services*.

We have been manufacturing and distributing botanical extracts and other nutritional products since the early 90's.

At Amax NutraSource, our mission is to *provide high quality products at a great value with superior customer service*.

To ensure ongoing product quality, the results of our in-house quality control and assay tests are confirmed by independent laboratories.

We maintain large inventories at our west and east coast warehouses in the US and are able to ship most domestic orders the same day we receive them.
