

Class 38

The screenshot shows the PureVPN website's 'Server Locations' page. The browser's address bar displays 'purevpn.com/servers/'. The website's navigation menu includes 'What is VPN?', 'Why PureVPN', 'Server Locations', 'Pricing', 'Business VPN', 'My Account', and 'English'. The main content area features a dark blue background with a globe icon and the heading 'PureVPN Server Locations'. Below the heading is the text 'Get Instant Access to the Fastest VPN Servers in the Universe!'. Two buttons are present: a red 'Get PureVPN →' button and a white 'Search Server Locations' button. Three statistics are displayed: '140+ Total Countries', '180+ Total Locations Worldwide', and '2,000+ VPN Servers Online'. A secondary heading 'Check Out Our Huge List of VPN Servers' is visible below the statistics. A 'Live Chat' button is located in the bottom right corner. The Windows taskbar at the bottom shows the search bar, taskbar icons, and system tray with the time '4:02 PM' and date '2/25/2020'.

Safety from Broadband Privacy Crisis

Our VPN for USA service protects you from all kinds of online surveillance. Despite the Broadband Privacy rules, your Internet Service Provider won't track your online activities. [Highest-level encryption](#) help in hiding your online communications. As a result, your data becomes completely inaccessible and unreadable.

Hide your IP address

Using PureVPN, Americans can stay anonymous while surfing on the web. While connected to our servers, they are guaranteed optimal anonymity of their web activities. PureVPN's huge pool of 300,000+ anonymous IPs gives you privacy against every prying eyes on the internet or intranet.

WE PROMISE YOU

YOU!

Access to US Content

The video streaming industry in the US is brimming with top-notch services. These include the likes of Hulu, HBO, Amazon Prime, Netflix, Disney+ and Sling TV, among various others. However, these are not accessible from outside America due to regional limitations. This is precisely where our USA VPN can help.

Top 5 Questions People Ask About Using a VPN for the USA

Can I Use a VPN in the USA?

Yes, of course. Using a VPN in the US is legal. However, using a VPN for illegal activities can get you in trouble.

Can I watch Netflix outside US?

Absolutely YES! If you're living outside the US, you can still watch the American version of Netflix with a USA VPN like PureVPN. All you have to do is connect to a VPN server in the US and then head over to Netflix - you'll now be able to access to the US content library!

Can I Watch Disney+ if I Live Outside of the US and Canada?

If you're living outside Disney Plus's supported regions (i.e. US, Canada, Netherlands, New Zealand, Australia, and Puerto Rico), you won't be able to access the streaming service due to regional limitations. With the help of a USA VPN though, you can change your virtual location to any of these countries, sign up for Disney Plus, and watch it from anywhere in the world.

How to Watch the US Presidential Debate 2020 Live Online?

The 2020 US presidential debate will be broadcasted live on ABC, WMUR, and Apple News, but these channels are not accessible from everywhere. If you don't want to miss it, what you'll need is a reliable VPN. Just connect to a USA server, access your desired channel, and stream the debate from anywhere.

How to Stream the Oscars Live Online?

The prestigious 92nd Academy Awards are all set to take place on February 10, 2020. However, most people around the world won't be able to access ABC's live stream and watch the Oscars due to regional limitations. With a VPN, you can get a US IP address, and break free from these roadblocks to watch the Oscars hassle-free.
