ROCKIT

The world of work is changing.
So we developed a bench system
designed to adapt with you.

Start
in the
middle.

This isn't a paradox. The centerline of Rockit is a jumping off point. From there, you can build out a system that works for you.

Angles
that
move
you.

Mix things up.

No two offices have the same needs, no two colleagues have the same wants. Our accessories cover everything you need—from storage and display, to privacy and a place to plug-in.

Move with your mood.

We designed our bench around flexibility.
This means it's just as well suited for
collaboration as it is to focus work.
So you can do more with less.

Sitting was so five minutes ago.

Finally. A standing desk you actually want to use. Both beautiful and functional, our height-adjustable surface can be added to your bench at any time. Sit when you want to. Then take a stand—because you know you should.

A spot for everything.

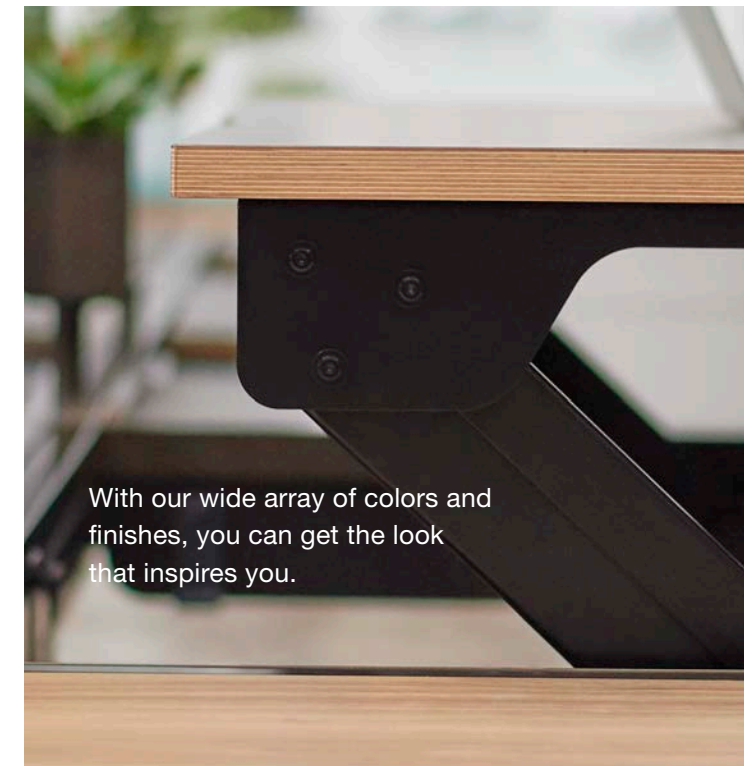

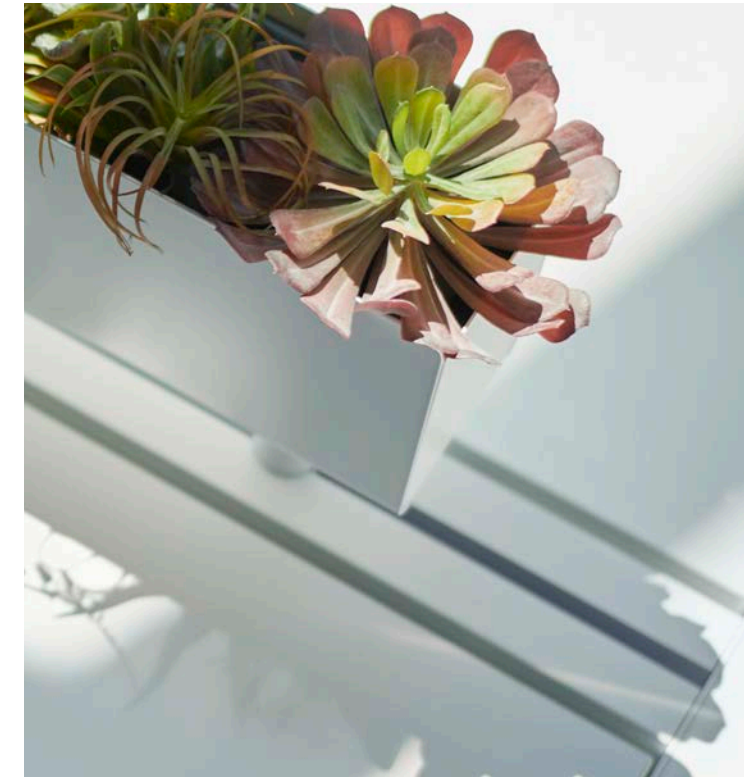

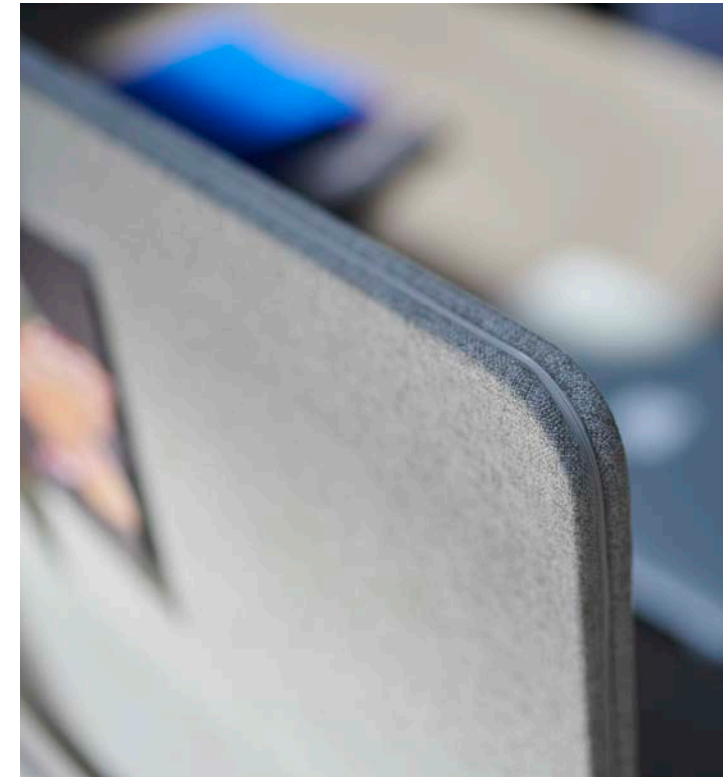

Empower your team.

Our RockIt bench comes with easily accessible outlets, so you can get charged and stay charged.

Get ready for your closeup.

With our wide array of colors and finishes, you can get the look that inspires you.

If you build it, they will come.

Our RockIt bench system scales so you can too. It couldn't be easier.

Ready
for
anything.

**Isn't it time
for a departure
from the
everyday?**
