

Hand Lotion

Product Overview

When your hands need quick relief from irritating dryness, reach for Hand Lotion. Skin drinks in this light lotion so your hands are left soft and hydrated. Pamper your hands with the perfect blend of softening conditioners and moisture-attracting humectants for a softer, smoother touch.

Target Audience

Great for all ages and individuals looking for a quickly absorbed hand lotion that effectively hydrates hands.

Benefits

- Designed specifically to keep hands properly hydrated and prevent dryness.
- Moisturizes instantly to comfort and replenish dry, chapped skin.
- Leaves hands feeling soft—never greasy or sticky.
- Is absorbed quickly so you can continue activities immediately after application.
- Safety-allergy-dermatologist tested.

Key Ingredients

- **NaPCA and hyaluronic acid**—bind moisture to the skin.
- **Aloe vera gel**—soothes and nurtures the skin.
- **Hydrolyzed silk, panthenol, allantoin, and royal jelly**—these skin conditioning ingredients help soften and nourish the skin.

Usage/Application

Apply liberally to hands, paying special attention to the knuckles and wrists. The convenient size allows you to carry Hand Lotion anywhere—take it with you wherever you go.

Complementary Products

- **Liquid Body Bar**—a rich, soap-free formula that effectively removes dirt, oil, and impurities while providing the skin conditioning moisture.

- **Body Cleansing Gel**—a soap-free cleanser that helps kill odor and infection-causing germs. Also works great as hand soap—just leave it by the sink.
- **Perennial® Intense Body Moisturizer**—a therapeutic body moisturizer that promotes cellular durability, helping to reinforce the skin's natural defense mechanisms and protect against external aggressors.
- **Epoch® Antiseptic Hand Sanitizer**—a clear, waterless hand washing gel that instantly kills 99.9% of the most common germs and bacteria on contact.

Frequently Asked Questions

Do hands require more moisture than the rest of the body?

Because hands are exposed to harsher conditions than the rest of the body due to daily physical contact with objects and more frequent cleansing, they are more prone to being dry and damaged. It's very important for a hand lotion to be absorbed quickly with a non-greasy after-feel so that you can hurry back to your daily activities.

Can Hand Lotion be used on other parts of the body?

Hand Lotion is formulated for hand care needs. Body Smoother and Perennial® are formulated for all-over body use.
