Simple and smart services

Dell DataSafe™³

Our online back up service offers data protection by enabling customers to back up data to a safe, remote storage site using a broadband connection. Dell DataSafe is easy, flexible and secure. Set up and forget it for backup of data and help protecting against software, hardware and catastrophic failure.

Dell Support Center³

Our centrally located, easy-to-use application provides personalized support resources. Conveniently located on your PC's desktop with quick links to service, support and system resources. Helps keep your system up-to-date and running efficiently through automated fixes for common configuration issues.

DellConnect™ Remote Assistance⁴

Simplifies troubleshooting and repair by enabling a Dell service associate to access, diagnose and support customers over the Internet.
