- 1 We have extensive food industry experience**
Because we have grown up in the grocery business, we have a unique understanding of what it takes to protect a grocery store. You can count on our coverage and services to protect you from industry-specific exposures such as hepatitis, slip-and-fall liability, power failure, and food spoilage.
- 2 We provide peace of mind through stability**
Grocers Insurance is a member of Argo Group International Holdings, Ltd., an international underwriter of specialty insurance. When you partner with Grocers you receive personalized service backed by extensive, reliable financial protection.
- 3 We are about partnership — not just a policy**
Grocers Insurance was founded by a grocery co-op in 1969 to help its member stores obtain superior but affordable coverage. Today our focus remains the same — to protect and improve the food retailing business through innovative, customized insurance and risk management services.

- 5 We deliver effective accident prevention**
Our accident prevention experts show you how to increase store safety and cut down on claims. This means that when you choose Grocers Insurance today, you are investing to save money over time — through improved safety procedures and lowered claims experience.
- 6 We are known for exceptional service**
Our 2009 satisfaction survey speaks for itself: On a 1-4 scale (4 being excellent), our customers rated us 3.70 for loss control, 3.83 for property claims, and 3.41 for workers compensation claims.
