

Take Control Of Your Payroll With PC Payright

Let CompuPay's Payright PC payroll service link your PC to a powerful solution for your payroll and payroll tax needs. Now you can combine the accuracy of CompuPay with the convenience of your computer. No programming required!

Payroll has never been so easy. Our software program allows you to simplify and effectively manage your payroll with the click of a mouse. This provides you the ability to easily enter payroll information at your convenience, not ours. Gain instant access to payroll data to monitor changes, produce detailed reports and even initiate payroll right from your PC.
