Every Aisle. Every Day. 

What is Haggen?

We are a dynamic, growing company, founded in 1933 in Bellingham, Washington. The company currently operates 29 supermarkets throughout Washington and Oregon, with continued planned growth. We employ almost 3,000 people.

The company operates two formats. Our Haggen Food & Pharmacy format provides stores for shoppers seeking value through a shopping experience that combines personal service with the highest quality products. Our TOP Food & Drug format focuses on low prices, while still providing our guests with a high quality shopping experience. Both formats emphasize quality, freshness and selection.

Haggen is one of the 75 largest grocery chains in the United States, according to Supermarket News, and is the Northwest's largest independent grocer.

The company is a firm believer in being actively involved the communities we serve and has been widely recognized by many

GREAT VALUE!

Organic Smart Chicken® Ground Chicken:

Versatile, Healthy and Delicious

Organic Smart Chicken® Ground Chicken is versatile in the kitchen and able to substitute for any other ground products. It takes on the flavor of seasoning well and cooks better than other brands of ground chicken. It acts as a flavorful and healthy alternative for any kind of ground turkey, ground beef and ground pork.
