## Inventory and Facilities

Timberline Fasteners stocks over 17,000 different fastener products in a new 80,000 square foot distribution facility in Commerce City, Colorado (completed December 1994). The largest fastener inventory between Chicago and the West Coast! Packaging and manufacturing occupy an adjacent facility and many administrative responsibilities are coordinated centrally, through Timberline Industries.

But breadth of inventory is only part of the story. The depth of our stock provides quick availability of product to meet your changing requirements.

You can purchase in quantities that fit the needs of your business. Whether you buy in lots of 10 or 10,000 Timberline your fastener vendor. Join the ranks of thousands of satisfied customers who have experienced our consistent 98.5%+ fill rate.
