Conceived by imagination. Born from fun™.

For every machine, game or product that KONAMI creates, we start with more than an idea - we begin with the experience in mind. Because ultimately, any assembly of cutting-edge technology is only as good as the emotions it evokes: escape, joy, delight, invigoration, satisfaction. And capturing these qualities is truly what makes KONAMI special. Is it really possible to make inherently inorganic objects come to life and spark a special connection with the world around it? We think so. [read more...](#)
