## Mobile Web

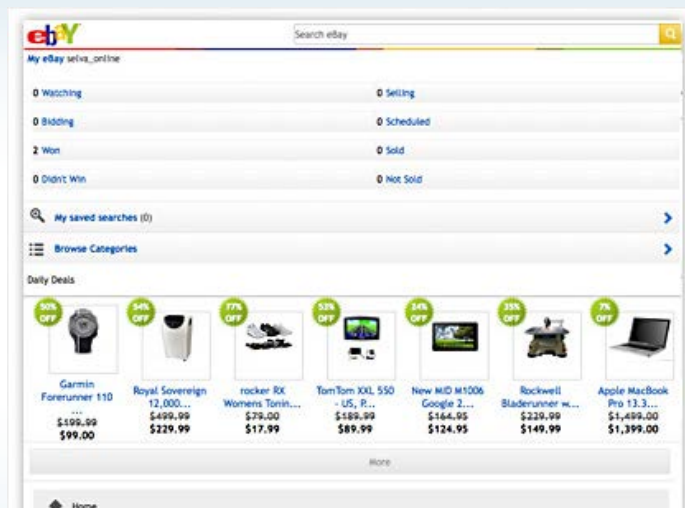

### eBay Mobile Web

▼ **What's new in this version:**

- Keep tabs on your stuff in 'My eBay'
- Search for and view item details
- Bid and Buy it Now
- Pay for your purchases with PayPal

URL: [mobileweb.ebay.com](http://mobileweb.ebay.com)

With eBay Mobile Web, you get everything you love about eBay downsized to fit in the palm of your hand. Conduct your search just as you would on your desktop. Bidding is just as simple as it is at home, only now you can place a bid whenever—and wherever—you feel like it.

Whether bidding, watching, buying, or selling, you have instant access to all of your My eBay activity with eBay Mobile Web. Check on an auction, or monitor your eBay sales activity from anywhere. With your mobile in hand, you'll never miss an opportunity to get that hard-to-find item.

PayPal ensures secure, fast checkout on your phone. No need to fumble with credit cards or fill out a bunch of fields — it's the quickest, most convenient way to make purchases on eBay on the go.

### Other Features

- **Saved Search** If you regularly search for certain items, save time by saving your searches
- **Search, bid, and Buy It Now** Everything you love about eBay, designed for the small screen
- **My eBay** View all your eBay activity in a single glance
- **PayPal** Pay for most transactions right from your phone
