# AccountLink Advantage

Your business qualifies for AccountLink Advantage if you:

- Have annual electric expenses that exceed $25,000 or
- Currently have more than 10 accounts

Save time and resources with AccountLink Advantage (ALA). You can track your energy costs and manage your account all conveniently online. ALA allows customers to securely access their usage, payment, and billing information from their accounts anytime. The information is refreshed daily so you can always be sure that it is up-to-date.

When you enroll you will be able to:

- **Benchmark** your energy usage against other companies.
- **Understand where your energy is being used** with daily usage tracking.
- **Pay your bill online.**
- **View your payment transaction history.**
- **View charts and graphs** for the most recent 36-months of your usage and maximum monthly demand.
- **Customize reports** to meet your needs.

- **View reports** including a history of your monthly electricity usage for each location.
- **Set up notifications** for unplanned outages.
- **Drill-down to an individual account** to see current charges.
- **Support your accounting processes** by creating custom data fields: Account Description, Building Description, Account Category, and Accounting Code.
- **Choose from multiple payment options:** Automatic Payment, Weekly Payments, Web Pay, and EDI.
- **Download your data** into Excel-ready .CSV files, including 60-months of history.

Benefits

- **Manage Multiple Accounts** — access multiple accounts under one log in.
- **Share Information Among Users** — provide multiple users with access to the same accounts.
- **Preserve Business Processes** — permit up to five levels of user authorization.
- **Summary Billing** — pay multiple accounts with one electronic funds transfer (EFT).
- **Faster Payment** — ensure on-time payments by combining e-mail notices with electronic payments.

- **Customization** — create groups and assign accounting codes based on your business divisions.
- **Convenient Storage** — retrieve PDF copies of most recent 24 month electric bill and 24 months of billing and transaction history.
- **Budgeting** — customize reports with electricity budgeting and tracking data.
