Training and Support

Attracting new members is only half of the membership development equation. Engaging and retaining them is the other. The MembersFirst umbrella of services is here to help.

A full suite of online engagement solutions

Our cloud-based communication tools, knowledgeable consultants, ongoing training & education seminars, and tech-savvy support team all have a common goal- to make finding and retaining members easier.

We enlist and utilize every meaningful online activity to capture member attention, increase facility usage, build participation, and improve overall satisfaction with club services.
