

## Declaration

### Section 8: Declaration of Use in Commerce

*Unless the owner has specifically claimed excusable nonuse, the mark is in use in commerce on or in connection with the goods and/or services identified above, as evidenced by the attached specimen(s) showing the mark as used in commerce.*

### Section 9: Application for Renewal

*The registrant requests that the registration be renewed for the goods and/or services identified above.*

The undersigned being hereby warned that willful false statements and the like are punishable by fine or imprisonment, or both, under 18 U.S.C. Section 1001, and that such willful false statements and the like may jeopardize the validity of this document, declares that he/she is properly authorized to execute this document on behalf of the Owner; and all statements made of his/her own knowledge are true and that all statements made on information and belief are believed to be true.

### Signature Section

Signature: \_\_\_\_\_

Date: \_\_\_\_\_

Signatory's Name: June M. Baldwin

Signatory's Position: Senior Vice President and General Counsel

**NOTE TO APPLICANT:** When filed as part of the electronic form (i.e., scanned and attached as an image file), the signature page **must** include both the signature information **and** the boilerplate declaration language. Do **not** include the entire application, but do ensure that the boilerplate declaration language actually appears; *a signature by itself will not be acceptable*. If, due to browser limitations, the boilerplate declaration language appears on a previous page when printed, you must "merge" the declaration and signature block onto a single page prior to signing, so that the *one complete page* can be scanned to create an acceptable image file. It is recommended that you copy-and-paste the entire text form into another document, manipulate the spacing there to move the declaration and signature section to a separate page, and then print this new version of the text form to send to the signatory.
