CAUTION! - ACUTE HEALTH HAZARD
May cause eye, skin, and respiratory irritation.
May be harmful if swallowed.
DANGER! - CHRONIC HEALTH HAZARD
Breathing crystalline silica can cause lung disease, including silicosis and lung cancer. Crystalline silica has also been associated with scleroderma and kidney disease.
This product contains quartz, cristobalite, and/or tridymite which may become airborne without a visible cloud. Avoid breathing dust. Avoid creating dusty conditions. Use only with adequate ventilation to keep exposures below recommended exposure limits. Wear a NIOSH certified, European Standard EN 149, or equivalent respirator when using this product. Review the Material Safety Data Sheet (MSDS) for this product, which has been provided to your employer.

HANDLING AND STORAGE:
Handling Precautions:
Avoid contact with eyes, skin, or clothing. Avoid breathing vapors. This product contains quartz, cristobalite, and/or tridymite which may become airborne without a visible cloud. Avoid breathing dust. Avoid creating dusty conditions. Use only with adequate ventilation to keep exposure below recommended exposure limits. Wear a NIOSH certified, European Standard En 149, or equivalent respirator when using this product. Material is slippery when wet.
Storage Information:
Store away from oxidizers. Store in a cool, dry location. Use good housekeeping in storage and work areas to prevent accumulation of dust. Close container when not in use.
Contaminated Packaging:
Follow all applicable national or local regulations.
FIRST AID MEASURES:
Eyes: In case of contact, immediately flush eyes with plenty of water for at least 15 minutes and get medical attention if irritation persists.
Skin: Wash with soap and water. Get medical attention if irritation persists.
Inhalation: If inhaled, remove from area to fresh air. Get medical attention if respiratory irritation develops or if breathing becomes difficult.
Ingestion: Do not induce vomiting. Slowly dilute with 1-2 glasses of water or milk and seek medical attention. Never give anything by mouth to an unconscious person.
FIRE FIGHTING MEASURES:
Fire Extinguishing Media: Water fog, carbon dioxide, foam, dry chemical.
Special Exposure Hazards: Decomposition in fire may produce toxic gases.
Special Protective Equipment for Fire-Fighters: Full protective clothing and approved self-contained breathing apparatus required for fire fighting personnel.
ACCIDENTAL RELEASE MEASURES:
Use appropriate protective equipment. Isolate spill and stop leak where safe. Contain spill with sand or other inert materials. Scoop up and remove.
Important:
For more detailed information see the product's Material Safety Data Sheet.
