We are experts in **Lasik** procedures with results that **surpass** our patients expectations

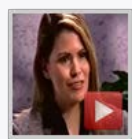

Ultravision Tomy Starck MD

UltraVision makes a commitment to stand behind the results of a patient's distance vision because we confide in Dr. Tomy Starck who's LASIK experience spans for more than a decade. Together with the latest and innovative technology, this winning combination offers results that are backed up by our Lifetime Pledge program.

The Lifetime Pledge is Ultravision's commitment that if an enhancement is needed to maintain the results of a patient's distance vision, the patients who qualify will receive the enhancement at no additional cost.
