

Vagifem®
(estradiol vaginal tablets)

10 mcg
6 vaginal tablets

Vagifem®
(estradiol vaginal tablets)

10 mcg
6 vaginal tablets

Rx only

Contents:

6 vaginal tablets with disposable applicators.

Each tablet contains: estradiol, 10 mcg; hypromellose, lactose monohydrate, magnesium stearate, maize starch and polyethylene glycol. See enclosed information for the patient including boxed warning.

Dosage:

One (1) Vagifem tablet inserted vaginally once per day for two weeks, then one (1) tablet inserted twice weekly (for example, Tuesday and Friday).

Each tablet is contained in a disposable single-use applicator. Please read the Patient Package Insert for complete product information.

Dispenser:

This carton contains information intended for the patient. This information is to be provided to the patient with each package dispensed.

Keep out of the reach of children.

This package is not child-resistant.

Store at 25°C (77°F); excursions permitted to 15°C-30°C (59°F-86°F).

(See USP Controlled Room Temperature.)

Do not refrigerate
