Complete the form in the "Learn More" tab for more details about this software.

Drill down of menu within Log Checker® product:

The screenshot displays the 'Keller's Driver Management System' interface. The main window is titled 'Home - Keller Log Checker Alerts' and features a sidebar with 'General Actions' (Add Employee, Find Employee) and a main content area with 'Company Statistics' (Top 10 Violators) and 'Log Checker Alerts' (1 Driver With Missing Logs, 1 Driver with Logs). A 'Regulation Help' window is open in the foreground, showing a table of contents with various DOT regulations and an 'About This Help' section explaining the 'EZ Explanations' feature.
