Susan Eller, M.A., R.N., CCRC

Current Position:

Research Nurse on the Clinical Research Unit
Department of Neurology and Psychiatry
Saint Louis University School of Medicine
1438 South Grand Blvd.
St. Louis MO 63104

Ms. Eller has worked for Saint Louis University since 2002 as a research nurse for the Clinical Trials Unit. She has coordinated 30 clinical trials. These trials have been with geriatric patients, involving depression and Alzheimer's disease, as well as neuromuscular trials involving Multiple Sclerosis and ALS.

Prior to working in research, Ms. Eller worked for St. Louis University Hospital as a staff nurse with geriatric psychiatry patients and was the coordinator for a Day Hospital Program for adults with mental illness.

Ms. Eller earned a B.S. in Education from Southern Illinois University at Edwardsville, IL in 1977 and a Master's Degree in Public Administration from Saint Louis University in 1984. She returned to school and completed her Associate's Degree in Nursing from St. Louis Community College at Forest Park in 1998.

Cleo Coyle

RN, **CCRC**

Clinical Research Director

I was born and raised in Indianapolis, Indiana. I earned my Bachelor of Science degree in Business Administration from the University of Indianapolis and my ASN from Indiana University School of Nursing.

I love clinical research and have worked in research for almost twenty years. Prior to this, I worked as a Critical Care Nurse at Methodist Hospital. In addition to my full time job in research at Northpoint Pediatrics, I teach research classes at IUPUI on Saturdays.

I am married to Frank and have an adult daughter and a son. In my spare time, I enjoy reading, gardening, traveling and playing with my two dogs, Benson and Bailey.

[SEND PROFILE TO A FRIEND](#)

PROFESSIONAL EXPERIENCE

- 2011-Present Northpoint Pediatrics, LLC
- 2007-2011 Research Pharmaceutical Services
- 2004-2007 Covance
- 2000-2004 Cyberonics
- 1998-2000 Krannert Institute of Cardiology
- 1997-1997 WCE Clinical Evaluations
- 1993-1997 Methodist Hospital / Clarian Health

Christine Senn, MA, MS, CCRC

Christine Senn, MA, MS, CCRC has worked at the SERRG family of companies since 2007, first as Clinical Operations Manager of the Columbus, GA site, then as Chief Operations Officer, and now as Chief Implementation Officer. In addition to overseeing the Human Resources department, Regulatory department, and the operations of each SERRG Affiliate Site, she also developed and chairs the Quality Assurance and Compliance Committee.

Christine earned her Master of Arts degree in Advertising and Public Relations from the University of Alabama before starting her career in Los Angeles as the Director of Corporate Relations for a real estate investment company. She won several awards for the company's buildings, which came to be designated as Office Buildings of the Year by the Building Owners and Managers Association thanks to her efforts. She has continued those award-winning efforts with us. SERRG was named one of the Best Places to Work in 2009 by Georgia Trend magazine, and we are the 2012 winner of the Psychologically Healthy Workplace Award for Georgia.

With a research career that started at the University of Vermont in 2004 and continuing with us since then, Christine is incredibly well-rounded in the clinical trials domain. She has worked extensively with local and central IRBs, both sponsor-initiated and investigator-initiated trials, and trials phased I-IV. She is a Certified Clinical Research Coordinator (CCRC) through the Association of Clinical Research Professionals and is currently in the dissertation phase of her Ph.D. in Psychology.

Felicia Irvin, MBA

Felicia Irvin joined the SERRG team in 2009 and currently serves as the Director of Business Development for SERRG, INC. In this role she supplies the SERRG family of sites with a pipeline of upcoming research trials in a variety of indications, directs study startup, assists with marketing initiatives, and oversees contract negotiations. Previously, she served as the Recruitment Specialist for Southeast Regional Research Group-Columbus. Her responsibilities

included physician recruitment and education, patient referrals, and community outreach. In addition, Felicia represents SERRG at a variety of industry meetings to include the Association of Clinical Research Associates and the Site Solutions Summit.

In 2011 & 2012, Felicia was the recipient of the Commitment to Company Vision award for her dedication to the vision and values of SERRG. Prior to joining the SERRG team, Felicia served as a Pharmaceutical Sales Representative for Triax

Eloise Lemon, RN, CCRA, CCRC

Administrative Director, Clinical Services

Department(s): Research Institute

Eloise Lemon manages the human and physical resources for the research institute's clinical studies. This encompasses sponsored as well as investigator-sponsored studies conducted by Akron Children's researchers.

Lemon has three decades of pediatric clinical research experience, providing a foundation for establishing performance, quality and training standards to support the studies Akron Children's conducts annually. Over her career, she has held clinical study research positions at University Hospitals and Rainbow Babies and Children's Hospital in Cleveland. All told, she has been responsible for the completion of more than 800 pediatric clinical studies.

At Akron Children's Rebecca D. Considine Research Institute, she ensures compliance with federal and state regulations and developing the controls and procedures to meet the requirements. Lemon serves as the institute's external liaison to Clinical Research Organizations (CRO), Clinical Research Administrators (CRA), Federal Drug Administration (FDA), and study sponsor project managers and medical directors.

Lemon also oversees communication among site staff and principal investigators on study progress, external monitoring inspection visits, and the implementation of approved study updates. She has conducted her own research and is named as a co-author on several published papers describing research project findings.
