

TOREX TOMORROW'S EXCELLENCE

Made of **TORAY**

PrimeflexTM
Stretch Fabric

www.torayentrant.com

Environmentally friendly bio-based high-stretch fabric

"Primeflex" is an environmentally conscious fabric using plant-derived raw material, which maintains a soft texture and high stretchability.

- High stretch and recovery properties.
- Soft and dense texture.
- Good dyeability (clear, vivid colors and high color fastness).
- Superior thermosetting ability, dimensional stability, alkaline and acid resistance, and abrasion resistance.
- Plant-derived material.

"Primeflex" spiral yarns
