## RES-Q-VAC®

### Hand Held Medical Suction

#### performance >

- Powerful wall suction performance >600mmHg
- Works in any position - will never overflow
- Essential for trach, ventilator and respiratory patients
- Extremely durable and reliable - ready when you need it

#### cost & value >

- RES-Q-VAC® is a fraction of the cost of electric counterparts
- No maintenance costs involved with checking suction levels, unlike electric units

#### safety >

- The available 0.22 micron (µ) Full Stop Protection® (FSP) Filter protects against infectious diseases including Hepatitis, Tuberculosis, HIV, and H1N1
- FSP protects the pump for safe reuse
- Sterile and non-sterile configurations
- RES-Q-VAC® has full tactile feedback and whistle-tip catheters for patient safety

#### convenience >

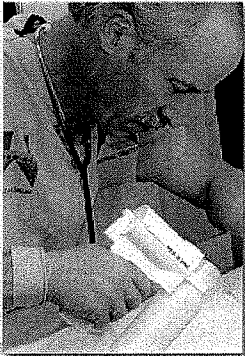

- Portable hand-powered suction
- No batteries or electric required
- Ideal for crash carts, ER, patient transport, patients in isolation, cafeterias
- Full line of push connector, whistle tipped catheters

<b>Typical Hospital Configurations</b>			
P2F1B1AFS	RES-Q-VAC™ Pump	R1F1B1AFS (replacement)	FSP Canister
	2 FSP Canisters		Ridgid Yankauer
	Ridgid Yankauer		Soft Yankauer
	Soft Yankauer		3.5"/14" 8fr Catheters
	3.5"/14" 8fr Catheters		3.5"/14" 10fr Catheters
	3.5"/14" 10fr Catheters		3.5"/14" 14fr Catheters
	3.5"/14" 14fr Catheters		Sterile
	Carry Bag		
	Sterile		
P1F1B1AFS	RES-Q-VAC™ Pump	R1F1B1AFS (replacement)	FSP Canister
	FSP Canister		Ridgid Yankauer
	Ridgid Yankauer		Soft Yankauer
	Soft Yankauer		3.5"/14" 8fr Catheters
	3.5"/14" 8fr Catheters		3.5"/14" 10fr Catheters
	3.5"/14" 10fr Catheters		3.5"/14" 14fr Catheters
	3.5"/14" 14fr Catheters		Sterile
	Carry Bag		
	Sterile		
P1F1S1C1S	RES-Q-VAC™ Pump	R1F1S1C1S (replacement)	FSP Canister
	FSP Canister		Soft Yankauer
	Soft Yankauer		3.5"/14" 10fr Catheters
	3.5"/14" 10fr Catheters		14" 14fr Catheters
	14" 14fr Catheters		Sterile
	Carry Bag		
	Sterile		
<b>Typical Home Care Configurations (Ventilator Patient)</b>			
P1N00114S	RES-Q-VAC™ Pump	R1N00114S (replacement)	Non-FSP Canister
	Non-FPS Canisters		3.5"/14" 14fr Catheters
	3.5"/14" 14fr Catheters		Sterile
	Carry Bag		
	Sterile		

Typical Home Care Configurations (Tracheostomy Patient)			
P1N00181S	RES-Q-VAC™ Pump	R1N00181S (replacement)	Non-FSP Canister
	Non-FPS Canisters		3.5"/14" 8fr Catheters
	3.5"/14" 8fr Catheters		3.5"/14" 10fr Catheters
	3.5"/14" 10fr Catheters		Sterile
	Carry Bag		
	Sterile		
Typical First Responder Configurations			
P1F1S110N	RES-Q-VAC™ Pump	R1F1S110N (replacement)	FSP Canister
	FPS Canisters		Soft Yankauer
	Soft Yankauer		3.5"/14" 10fr Catheters
	3.5"/14" 10fr Catheters		
	Carry Bag		
P1F1R110N	RES-Q-VAC™ Pump	R1F1R110N (replacement)	FSP Canister
	FPS Canisters		Soft Yankauer
	Soft Yankauer		3.5"/14" 10fr Catheters
	3.5"/14" 10fr Catheters		
Typical Nursing Home Configurations			
P1F1S114S	RES-Q-VAC™ Pump	R1F1S114S (replacement)	FSP Canister
	FPS Canisters		Soft Yankauer
	Soft Yankauer		3.5"/14" 14fr Catheters
	3.5"/14" 14fr Catheters		Sterile
	Carry Bag		
	Sterile
