

Fairfield®

Designer: [Alex Kaczun](#) Design foundry: [Linotype](#) Source: [Linotype](#)

Rudolph Ruzicka designed his font Fairfield as a legible text font. His philosophy: "The reader expects optical assistance with reading. He does not want to be distracted while interpreting and understanding the ideas of a text." Fairfield font is based on the forms of Venecian Old Face fonts as well as on the designs and details of Art Deco, giving the font a distinctive appearance"
