

# Deluxe Programmable Thermostats

from LuxPro®

- Works with High Efficiency Filters and UV Light Systems
- Helps Filter Airborne Pathogens and Pollutants
- Circulates Air in Home
- Helps Improve Indoor Air Quality

## PSP711CC Clean Cycle® Deluxe Programmable Thermostat

**Profile:** Easy to use, fully programmable thermostat for single stage heating and cooling systems. Features Clean Cycle technology (see below for more on this feature).

### Compatibility:

- 1 Stage Heat/1 Stage Cool: Gas, Oil, Electric, or Heat Pump Systems
- 2 Wire Hydronic Systems
- 2 Wire Hydronic Air Handlers
- Millivolt Systems

### Features:

- Fully Programmable IAQ Clean Cycle® (patent pending)
- Comprehensive Graphic Filter Monitor (patent pending)
- Battery-Free Memory for All Programs and Settings
- 7-Day Programming
- 4 Periods Per Day – Morning, Afternoon, Evening and Night
- Smart Recovery Selectable
- Energy Star Compliant
- Large, Easy-to-Read, Display
- Manual Hold
- Keyboard Lockout
- Luxlight® EL (Electro Luminescent) Display
- Adjustable 2 or 5 Minute Delay
- Temporary Override
- F / C Temperature Display
- 12/24 Hour Clock
- Battery Powered (batteries included)
- O and B Terminals

Our exclusive Clean Cycle technology works in conjunction with today's high efficiency filters and UV light systems to help eliminate airborne pathogens and pollutants like mold, mildew, bacteria, allergens and VOC's. Clean Cycle ensures the heating and air conditioning fan runs for a set duration of time each hour to circulate and filter the air in the home. It's also programmable, allowing users to program the fan to run anywhere between 9 and 60 minutes each hour.

## PSP711RF RF (Radio Frequency), Deluxe Programmable Thermostat

**Profile:** Easy to use, fully programmable thermostat with radio frequency control for single stage heating and cooling systems.

### Compatibility:

- 1 Stage Heat/1 Stage Cool: Gas, Oil, Electric, or Heat Pump Systems
- 2 Wire Hydronic Systems
- 2 Wire Hydronic Air Handlers
- Millivolt Systems

### Features:

- RF (Radio Frequency) Remote Temperature Control
- Exclusive Lux Speed Dial® - Make Reprogramming Easy
- 7-Day Programming
- 4 Periods Per Day – Morning, Afternoon, Evening and Night
- Smart Recovery Selectable
- Energy Star Compliant
- Large, Easy-to-Read, Display
- Manual Hold
- Keyboard Lockout
- Luxlight® EL (Electro Luminescent) Display
- Adjustable 2 or 5 Minute Delay
- Temporary Override
- F / C Temperature Display
- 12/24 Hour Clock
- Battery Powered (batteries included)
- O and B Terminals
